Philadelphia, July 5, 1898.

WENCEL HARTMAN, Esq.,
President of Common Council.

DEAR SIR:—I leave for Chicago to-night and it will be impossible for me to attend the stated meeting of Council on July 7th. Please excuse my absence, and oblige

Yours truly,

JAMES THOMPSON.

Philadelphia, July 6, 1898.

To the President and Members of
Common Council of the City of Philadelphia.

GENTLEMEN:—Words fail me to adequately express the embarrassment felt on the reception of the magnificent testimonial which you have so kindly, and so undeservedly, sent to me. During the period in which I represented my Ward in your Honorable Body, I simply tried in an humble way to do my duty as I saw it to my constituents, and I am sure that I often failed in this effort.

Whilst a member of Common Council many problems came up which demanded careful study that the right solution should be apparent, and at times I felt much perturbation lest I might, unadvisedly, be thought by my friends to have acted wrongly or, possibly, failed to work out my duty to the best advantage of those whom I represented in the Chamber. Now that it is over, I feel consoled in the thought that he who does his best, does all, and I am not unduly egotistical in trusting that I did the duty confided to me in an honorable and honest manner.

Let me assure you that the beautiful and costly present which you have given me will be treasured as one of my greatest possessions, and it shall go down to my family as an evidence of the happy time which I so much enjoyed whilst with you. With my best wishes for the members of the Chamber and their efforts on behalf of our beloved City, I have the honor to be,

Very respectfully yours,

J. D. BLACKWOOD.

Mr. W. H. Brown presented the following communication

Philadelphia, July 7, 1898.

HON. WILSON H. BROWN,

Member of Common Council.

DEAR SIR:—We notice by the papers that there is a movement in the Philadelphia Council Chamber to contract for five hundred and fifty (550) more gasoline lamps in the suburbs and to open the contract to competition. While this matter is under consideration we should like to call the attention of Councils to our gasoline street lamp

arranged to burn with Welsbach mantel. This lamp develops 75 candle power, by photometric test, and can be furnished to the City at the same rate as you are now paying the present contractor for about one-fifth of the candle power above named.

We should also like to state that we are manufacturing burners and lamps of the same design and construction as those now used by the present contractor (our burners, however, are tested by photometric test to 24 candle power). In case it is decided to use this burner and the contract is open to competition, we could save the City several dollars per annum per lamp for the same service they are now receiving. We have our lamps on exhibition at our store, northwest corner Eleventh and Race streets, and we should be very glad to exhibit them to any member of Councils who would favor us with a call.

Hoping to have the pleasure of a visit from your members generally who are interested, we remain,

Respectfully yours,

JOHN L. GAUMER CO.

Dictated by Robt. Biddle, Jr.

Which was read.

Mr. Hults presented the following:

At the session last Thursday I voted "No" on the ordinance providing for the erection of 550 gasoline lamps of the Maloney patent on the broad principle against shutting out competition. Since that time I have taken pains to inform myself in the premises. I learn that Messrs. John L. Gaumer & Co. have never lit a light of this kind; haven't the facilities to do the work in case they were awarded the contract, and in addition thereto, if the contract was awarded to them they would be unable to supply the lights for several of the outlying wards, and as it is manifestly unfair to deprive a thoroughly reliable firm from doing public work, merely upon a theoretical bid, I shall vote in favor of the ordinance to-day.

E. H. HULTS.

Mr. DeHaven presented the following:

I vote "aye" because of a universal demand of the citizens of my ward for gasoline lamps which they have repeatedly asked for without avail, and because unless the present ordinance is passed and the said lamps duly provided, another year will be lost and the sections now inadequately lighted will still remain in darkness and because there is no bona fide offer for a better lamp in place of the Maloney patent, and because this ordinance makes available at once the location of lamps which have been placed by previous ordinances of these Councils.

ALEX. M. DEHAVEN.

Mr. Birch presented the following:

I vote "yea" for the reason that the Twenty-fifth Ward is absolutely in need of lights, and while I believe in full and open competition and opposed to monopolies I believe it to be my duty to my constituents at this time to vote "yea" on this bill so as we can secure the needed lights at the earliest possible moment.

W. T. BIRCH.

APPENDIX No. 2.

OFFICE OF THE MAYOR.

Philadelphia, April 7, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration a communication received from the Director of the Department of Public Works, Mr. Thomas M. Thompson, relative to an additional appropriation to the Department of Public Works, Bureau of Water, for the year 1898.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 6, 1898.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR:—I have the honor to request that you will ask Councils to make an appropriation to this Department, for the maintenance of the Bureau of Water, as follows:

Item 2. For general supplies, including fuel, etc.....	\$155,000
Item 9. For service pipe and meters.....	10,000
Total.....	<u>\$165,000</u>

The amount asked for on Item 2 is for the purpose of purchasing coal for the several pumping stations. The amount originally appropriated for fuel is insufficient to meet the requirements of the pumping stations, and the demand for service pipe and meters has already exhausted the appropriation to Item 9.

The appropriation should be made as early as possible.

Yours respectfully,

THOMAS M. THOMPSON,
Director.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 6, 1898.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR:—I have the honor to call your attention to the condition of the item of appropriation to pay for the reconstruction and improvement of old sewers, known as Item 13, Section 6, of the ordinance making an appropriation to this Department (Bureau of Surveys), for the current year:

Amount appropriated.....	\$20,000
Estimated cost of rebuilding a portion of Cohocksink Main Sewer requiring immediate attention.....	<u>40,000</u>
Leaving a deficiency for work absolutely necessary to be done.....	\$20,000

On November 10, 1897, there was a break in the Cohocksink Main sewer on Eleventh street, south of Diamond street. No appropriation being available at the time to reconstruct this section of sewer, temporary repairs were made under the emergency item. The Depart-

ment has received proposals for permanent repairs at this point, but the entire section on Eleventh street, between Diamond and Norris streets, is in a dilapidated condition and requires reconstruction. To do this work will require as stated above, an additional appropriation of \$20,000.

During the execution of the work, it will be necessary to divert the car travel from Eleventh street, between Diamond and Norris streets, and it would be advisable to reconstruct the sewer the length of the entire block while the travel is off the street, and I would therefore urgently recommend that additional appropriation be made.

I would also call your attention to the item to pay for repairs to bridges, known as Item 7, Section 3, of the ordinance making an appropriation to this Department (Bureau of Highways), for the current year.

Amount appropriated	\$50,000 00
Amount available from previous years	27,392 29

Total amount available ..	\$77,392 29
---------------------------	-------------

Contracts executed and charged off.....	\$87,673 34	
Contract ordered for reconstructing south approach to Penrose Ferry Bridge, not yet executed.....	18,000 00	
		75,673 34

Balance available for 1898...	\$1,718 95
-------------------------------	------------

There will be required during the present year for general repairs to bridges, painting large bridges, rebuilding temporary bridges on Gorgas Lane and Summit avenue, wrought iron hand railings on the approaches to Chestnut street bridge, etc. approximately.....	\$42,800 00
--	-------------

Leaving deficiency for work which should be done this year.....	\$41,081 05
--	-------------

Repairs to many of our bridges have been postponed from year to year, because of insufficient appropriations and the condition of the bridges has become such that they should receive attention without further delay.

I have the honor to request that you will call the attention of Councils to these matters, so they may be advised of the exact condition of affairs.

Yours respectfully,

THOMAS M. THOMPSON,
Director.

Hospital for the Insane.

The steady increase in the number of the insane committed to our care is a fact of most serious import and the necessity for enlarged accommodation for their treatment is immediate and imperative.

The average daily population in 1888 of the entire Institution was 3,055, and of the Insane Department, 698, and in 1897 of the entire Institution, 3,613, and of the Insane Department, 1,291; showing an increase in the former of 558 and in the latter of 593; thus indicating an actual diminution in the number of patients in the hospital and of inmates in the out-wards overcome by the increase in the number of insane of eighty-five (85) per cent. in ten years.

The slight relief given by the removal of fifteen of our patients to the State Asylum for the Chronic Insane at South Mountain, was offset by the large number of admissions, the net increase for the year being sixty-six.

Pages 12, 13 and 14.

Need of Additional Accommodation.

The continuous increase in the number of insane committed to our care and our inability to provide adequate accommodations for them still constitutes the most serious condition which confronts the Department.

We had hoped that favorable action would be taken by the Legislature of the State upon the proposition to place under control of this Department, the several poor districts of the County which are in charge of independent local boards of directors; but being disappointed in this

we were forced to resort to other methods for the relief of our crowded wards. The practical impossibility of erecting new buildings within our enclosure compelled us to ask assent of the State Board of Charities to place an additional or third story upon each of the four two-story buildings of the Insane Department; an assent which that Board was reluctant to give, because of its pronounced policy of limiting hospital buildings to the height of two stories, but which they granted, because convinced that under existing circumstances there was no early prospect of relief in any other manner.

So authorized we received your consent to apply to City Councils for an appropriation of the balance, \$40,663.83, remaining in the Sinking Fund to the credit of this Department. The appropriation having been granted plans were prepared which had the approval of the State Board, and proposals were received from several builders including some of highest standing; but unfortunately even under the lowest bid, the amount at our disposal was only sufficient to allow the erection of the additional stories on two of the four buildings, and to make no provision for the change in heating, the pressure for room was however so great that we could not postpone action until sufficient funds for the entire work could be obtained and accordingly contract was made for such of the work as could be done.

The additional stories, one in the male and another in the female wings have been erected and though not yet completed we hope to have them available early in the coming year and thus have space for about two hundred more patients; but as the number to be provided for is still in excess of our accommodations even with the new wards it is imperative that provision be made this year to properly house at least two hundred more, and to this end we shall ask your consent to apply to City Councils for an additional appropriation of \$60,000, to enable us to complete the work.

Humanity and sense of duty would demand that we urge this appropriation in any event; but we are impelled as well by the necessity of making adequate provision for the insane to enable us to secure the benefit of recent legislation.

At the last session of the Legislature an act was passed, which was approved by the Governor, providing that "any County, Municipality, Borough or Township of this Commonwealth, which now has or may hereafter supply, erect and equip a suitable institution for the maintenance, care and treatment of its indigent insane upon plans and specifications approved in writing by the Board of Public Charities, shall receive from the State Treasury the sum of one dollar and fifty cents per week for every indigent insane person * * * * so maintained * * * * provided that the Board of Public Charities shall be satisfied that the quality and equipment of such institutions and the manner and care and treatment therein furnished is proper and suitable to the class or classes of the indigent insane so maintained and shall so certify to the Auditor General before any such payment shall be made."

Under the provisions of this Act which went into effect June 1, 1897, we have presented bills to the Auditor General for the two quarters ending August 31 and November 30, respectively, amounting to \$50,371.07.

Note.—Since the date of the report we have received payment of the amount and have presented a bill for the first quarter ending February 28, 1898, for \$25,343.14.

To comply with the terms of the Act it will be absolutely necessary for us to increase our accommodations for the insane, because to crowd our wards still further will violate the conditions requisite to secure the compensation offered by the State.

We have no choice between caring for the insane of our County in our own Institution and sending them to State Hospitals, because these are filled to the limit of their capacity and no provision has been made for increase of their size or for addition to their number.

In fact the Act above referred to was passed because the State recognized the inadequacy of its provisions for the indigent insane and in preference to increasing the number or the size of its hospitals, offered inducement to the counties to care for their insane in institutions of their own. The State Board of Charities having recommended this action, is urging the several counties to accept the

State's offer, so that it is probable the new policy will be permanent unless experience shall demonstrate its inadvisability; but meanwhile this Department must be empowered to care properly for its insane and we shall confidently appeal to you and through you to Councils for the requisite means and authority.

AN ORDINANCE

To make an appropriation to new Item 61, in the annual appropriation to the Department of Charities and Correction (Bureau of Charities), for the year 1898, for the erection of an additional story on each of the two buildings, containing wards 1 and 2, female side, and wards 9 and 10, male side, Insane Department of Philadelphia Almshouse and Hospital; the enlarging of the main boiler house and furnishing and erecting two additional horizontal boilers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of sixty-thousand (60,000) dollars be, and is hereby appropriated to new Item 61, in the annual appropriation to the Department of Charities and Correction, Bureau of Charities, for the year 1898, for the erection of an additional story on each of the two buildings, containing wards 1 and 2, female side, and wards 9 and 10, male side, Insane Department of Philadelphia Almshouse and Hospital; the enlarging of the main boiler house; the furnishing and erecting of two additional horizontal tubular boilers, together with the necessary connections, and performing all of the labor and furnishing all the materials required for the completion of the work.

AN ORDINANCE

To authorize the Department of Charities and Correction, Bureau of Charities, to appoint an additional assistant

physician for the female wards of the Insane Department of the Philadelphia Almshouse and Hospital, and to make an appropriation to pay her salary.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Charities and Correction, Bureau of Charities, be, and is hereby authorized and directed to appoint an additional assistant physician for the female wards of the Insane Department of the Philadelphia Almshouse and Hospital, at a salary of nine hundred (900) dollars per annum.

SECT. 2. That the sum of six hundred and seventy-five (675) dollars be, and is hereby appropriated to Item 8, in the annual appropriation to the Department of Charities and Correction, Bureau of Charities, for the year 1898, to pay the salary of said assistant physician from April 1st, at the rate of nine hundred (900) dollars per annum.

LAW DEPARTMENT.

Philadelphia, April 4, 1898.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I hand you herewith copy of report of jury in the matter of the widening of Chestnut street, at the northeast corner of Third street. Report of jury filed this day.

Chestnut street, at point indicated above, has been actually and physically widened.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the widening of Chestnut street, at the northeast corner of Third street, in the Sixth Ward of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed April 4, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court, to assess the damages and benefits, if any, for the widening of Chestnut street, at the northeast corner of Third street, in the Sixth Ward of the City of Philadelphia, respectfully report:

That after due notice the jurors met on February 10, 1898, at 3 o'clock P. M., in Room 577, City Hall, for the purposes of organization. The following jurors were present: Edgar N. Black, R. Meade Bache, Theodore M. Etting, J. Fred. List, Julian P. Wright and Harry Rogers. G. Heide Norris, Esq., appeared for Beauveau Borie and James Mauran Rhodes, executors and trustees under the will of Charles L. Borie, deceased, the petitioners, and David Lavis, Esq., Assistant City Solicitor, appeared for the City of Philadelphia.

That at the said meeting, to wit, February 10, 1898, the jury organized by electing Theodore M. Etting, foreman, and R. Meade Bache, secretary; after which the before mentioned jurors were sworn or affirmed by one of their number on their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The said jurors were then severally sworn or affirmed to perform their duty as road jurors in the matter of the widening of Chestnut street at the northeast corner of Third street,

impartially and according to their best judgment. At this meeting a copy of the petition was read to the jury, and the official plan produced for their use. The affidavit of service of notice on the registered property owners affected by the said widening of Chestnut street at point designated was also produced, and is now on record in the Court of Quarter Sessions for the said County.

That the jury also held meetings on February 14, 18, 25; March 4, 7, 10, 22, 1898. At the meeting held on February 14, the jury also made a view of the premises affected. All the jurors were present. The meeting of March 4th, was held for the purpose of consultation, and on March 17, 1898, the jurors again met for the purpose of making a second view of the said premises.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street was widened, and considering as well the advantages and disadvantages to the property of the said petitioners, the jury do find that the said petitioners, Beauveau Borie and James Mauran Rhodes, executors and trustees under the will of Charles L. Borie, deceased, have sustained damages by reason of the widening of the said Chestnut street, at the northeast corner of Third street, to this property to the extent of \$2,500, and they award the said sum as damages therefor.

The jury also considered the question of benefits, and determined that no property in the immediate vicinity of the said premises is benefited by the said widening, and that the whole of the said sum of \$2,500 awarded as damages as aforesaid should be paid by the City of Philadelphia.

All of which is respectfully submitted.

Julian P. Wright,
R. Meade Bache,
Harry Rogers,

Theodore M. Etting,
J. F. List,
Edgar N. Black.

OFFICE OF THE CLERK OF QUARTER SESSIONS.

Philadelphia, April 2, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to transmit herewith full and complete copies of the record in the matter of the division of the First Ward, which division was voted upon at the election held in said ward on Tuesday, February 15, 1898.

I have the honor to be

Your obedient servant,

WM. B. AHERN.

To the Honorable the Judges of the Court of Quarter Sessions of the Peace, for the City and County of Philadelphia:

The petition of the undersigned represents that they are citizens and qualified electors of the First Ward of the City of Philadelphia. That the said ward has a territory of upwards of five and one-half square miles. That said ward has so increased in population that it has now upwards of 18,000 qualified electors, representing a total population of upwards of 70,000, having eight thousand school children. That owing to the size of the ward, both as to the territory and population the members of Councils and School Directors have great difficulty in giving proper attention to the duties of their offices.

Your petitioners therefore pray that by reason of the facts stated above, your Honorable Court appoint five impartial men to inquire into the propriety of dividing said ward on a line that may serve the best interest of the

people, and make a report thereto, to your Honorable Court in accordance with the Act of Assembly in such case made and provided.

And they will ever pray, etc.

IN THE COURT OF QUARTER SESSIONS OF
PHILADELPHIA COUNTY.

In the matter of the Division of the First Ward of the
City of Philadelphia.

To the Honorable the Judges of said Court:

The undersigned Commissioners appointed by your Honorable Court to consider the advisability of the division of the First Ward according to the prayer of certain citizens of the said ward, respectfully report:

That in compliance with their duties they held a meeting for the purpose of organization at the office of Hon. Henry F. Walton, No. 818 Girard Building, on Tuesday, December 14, 1897, at 2 P. M. At this meeting all the Commissioners attended and after an organization by the election of Hon. Henry F. Walton, President, and William C. Ferguson, Esq., Secretary, and the said Commissioners adjourned to meet at the same place on Monday, December 20, 1897, at 1.30 o'clock, for the purpose of viewing the First Ward as it is at present.

At that meeting all the Commissioners being present, they were attended by Francis S. Cantrell, Esq., counsel for the petitioners, and a large representation of prominent citizens of the First Ward, including such well known names as Judson C. Keith, Penrose McClain, Conrad Muhly, and proceeded to view the ward, devoting several hours to an examination of the principal centres of population, the more important streets and buildings, the different boundaries and character of the suburban districts, the distribution and location of the school houses, police and fire stations and to inquire as to how these would be affected by the division of the Ward, and heard the views of the different citizens who accompanied them.

That on Tuesday, December 21, 1897, at 3 o'clock P. M., in pursuance of notice in the public newspapers (a copy of which is hereto attached, marked Exhibit "A") they met at Renstein Hall, at the northeast corner of Seventh and Dickinson streets, in the First Ward, and

heard the different views expressed by the citizens, a copy of the testimony is hereto attached marked "Exhibit B."

At this meeting there were quite a number of the citizens of the ward present; the Commissioners were attended by Mr. Cantrell, the counsel for petitioners, in addition to the citizens above named, and the views of a number of citizens were heard, and the report of their opinions then expressed taken down by a stenographer is hereto attached marked "Exhibit C."

A plan of said ward is hereto attached marked "Exhibit D."

That after a full hearing had been given to the citizens the Commissioners adjourned to meet at the office of the Hon. Henry F. Walton, No. 818 Girard Building, on Monday, December 27, at 3 o'clock, for consultation and decision.

It appeared to the Commissioners that there was no dispute as to whether or not the ward should be divided; in point of fact, the citizens whose views they had heard, were unanimous upon the question of the division of the ward, the only dispute, if dispute it was, was whether Mifflin street should be the northern boundary of the new ward, or whether McKean street should be the northern boundary.

After fully considering the location, the population, the schools and everything connected with the matter, the Commissioners are of the opinion that the prayer of the petitioners should be granted and that the First Ward should be divided at the line in the centre or middle of Mifflin street, extending west from the Delaware river to Passyunk road and that which should be called the First Ward should be bounded as follows: Beginning at the south side of Wharton street and river Delaware; thence extending along the said south side of Wharton street to Passyunk road; thence along the east side of Passyunk road to Mifflin street; thence along the north side of Mifflin street to the river Delaware.

The Commissioners are further of the opinion and recommend that the remaining portion of the old First Ward shall be formed into a new ward and shall be called the

Thirty-ninth Ward, and shall be bounded as follows: Beginning at the south side of Mifflin street and the river Delaware; thence extending along south side of Mifflin street to Passyunk road; thence along the east side of Passyunk road to Broad street; thence south along the east side of Broad street to the back channel; and thence along the back channel to the Delaware river, and along the Delaware river to the said Mifflin street and place of beginning.

All of which is respectfully submitted.

In the matter of the Division of the Twenty-seventh Ward. Court of Quarter Sessions, Philadelphia County, Sessions 1897.

REPORT OF COMMISSIONERS.

To the Honorable the Judges of said Court:

The Commissioners appointed by the Court pursuant to petition filed and hereto annexed marked Exhibit "A," to take into consideration the propriety of dividing the

Twenty-seventh Ward of the City of Philadelphia, beg leave to submit the following report:

Pursuant to notice the Commissioners met for organization on December 6, 1897, at 2 P. M., in room No. 916, Girard Building, northeast corner of Broad and Chestnut streets, Philadelphia.

All the Commissioners were present, viz: William J. Kelly, Andrew J. Maloney, William L. Thompson, Dr. George W. Gardiner and Clarence A. Wray.

After being duly qualified they elected William J. Kelly, Chairman, and Andrew J. Maloney, Secretary, of the Commission.

A map or draft of the ward, hereto annexed marked Exhibit "B," and made a part of this report, was exhibited to the Commissioners and examined by them. The exhibit is a copy of the official map of the ward used by the Board of Revision of Taxes.

Subsequent meetings were held on December 10, 14, 20, 23, and 27, 1897, at each of which meetings all the Commissioners were present.

Notices of the various meetings were published in two of the daily newspapers of Philadelphia.

At the meeting on December 10, 1897, the Commissioners after thoroughly examining the map of the ward visited and personally went over the premises, examined the proposed line of division along its entire length and then visited and went over various other sections of the ward.

At the meeting on December 14, 1897, held at No. 916 Girard Building, the Commissioners were attended by Samuel F. Clevenger, Esq., attorney for petitioners and a number of the petitioners and citizens of the ward who were examined under oath or affirmation by the attorney for the petitioners.

The following citizens of the Ward: Edward W. Patton, Select Councilman; Charles W. Swain, Common Councilman; Horatio P. Connell, Ex-Sheriff; Frank P. Leech, Real Estate Assessor; Charles E. Connell, Common Councilman; George J. Van Houten, School Director; William P. S. Shields, Builder; W. H. W. Quick,

Real Estate Agent; Charles J. Henderson, Jr., Builder; Frank S. Elliott, Lawyer, were each examined at great length and gave very full and complete details of the condition of the different parts of the ward, the great number of buildings erected and in contemplation of erection, the condition of the school houses and other City properties, the needs and wants of the ward.

A printed map of the ward which had on it a red line starting from the new Gray's Ferry bridge and extending westward along Forty-seventh street to Paschall avenue; thence along Paschall avenue to Forty-sixth street; thence northwest along Forty-sixth street to Baltimore avenue; thence southwest along Baltimore avenue to Cobb's creek the limit of the County, was offered in evidence by Mr. Clevenger as showing the proposed line of division. He also offered in evidence the plan of the revision of lines and grades of Gray's Ferry avenue for the purpose of showing the line of the new Gray's Ferry bridge.

A public meeting, duly advertised, was held December 20, 1897, at 4 P. M., in the Newton Boys' Grammar School, on Chestnut street below Thirty-sixth street, Philadelphia. A great number of the citizens attended, some of whom addressed the meeting, viz: William Morris, Esq., as Chairman of a Committee from the Forty-ninth Street Station Association in the Ward; by J. Warner Goheen, Esq., William M. Scott, F. H. Taylor, and others.

The Committee from the said Association while they favored a division of the ward, objected to the line proposed and asked that another meeting be held at which time they would submit a line for the consideration of the Commissioners.

At the meeting held December 23, 1897, at 3 o'clock in room No. 916, Girard Building, the Committee from the Forty-ninth Street Station Association, who were accompanied by a larger delegation of the Association, were fully heard, through the Chairman of the Committee, William Morris and several others. The character of the improvements in the neighborhood of Forty-ninth street and Chester avenue were explained, and it was argued that the needs of that section were different from those of the lower end of the ward and they feared that

clashing interests would interfere with the proper development of both sections. They had prepared and proposed another line of division, as follows: starting at Gray's Ferry bridge, then along Forty-seventh street to Paschall avenue; thence along Paschall avenue to Forty-sixth street; thence along Forty-sixth street to Kingsessing avenue; thence along Kingsessing avenue to West Chester Railroad; thence along the railroad to Fiftieth street; thence along Fiftieth street to Baltimore avenue, and thence along Baltimore avenue to County line.

Copies of the published notices are hereto attached marked Exhibit "C," with affidavit of publication marked Exhibit "D."

The Commissioners met for consultation on December 27, 1897, at 3.30 P. M., at 916 Girard Building; after considering all that had been submitted, and from their own observations they were unanimously of the opinion that the ward ought to be divided, to get the best results from its inhabitants in the way of improvements and developments.

The voters of the ward are 10,220. That of each division being as follows:

Division.	Voters.	Division.	Voters.	Division.	Voters.
1	153	11	415	22	370
2	318	12	262	23	318
3	341	13	345	24	257
4	223	14	340	25	362
5	416	15	205	26	264
6	220	16	239	27	668
7	281	17	247	28	412
8	288	18	411	29	227
9	295	19	315	30	460
10	325	20	514	31	585
		21	150		

The area of the ward is very large—it extends from Market street on the north to Fort Mifflin on the south, and from the river Schuylkill to Cobb's creek. The upper portion is built up and thickly populated, while the southern portion is rural and suburban. The interests of the two sections are not identical and would fre-

quently clash to the detriment of both. There does not, as far as the Commissioners could ascertain, exist any opposition to a division of the ward. All parties seemed desirous that it should take place.

The ward is entitled to one select councilman and five common councilmen, the division of the line contemplated would give to the old section one select and three common councilmen, and to the new ward one select and two common councilmen.

Each ward would be entitled to a school board and one member of the Board of Education. The school houses will be very nearly divided, those in the upper section being as a rule superior to those in the lower portion.

While there was no opposition to a division of the ward, there was considerable difference of opinion as to where the line should be placed. It is to be regretted that owing to the topography of the ward, the way it has been developed and the character of the improvements that no straight line or lines could be adopted.

After mature reflection the Commissioners became convinced that the line proposed by the Forty-ninth Street Station Association would be most satisfactory to the greatest number of the citizens of the ward, and be the most equal division that could be made.

If the line was straightened at the eastern end, the lower portion would be deprived of a proper representation in Councils, the population being large in that locality. The line suggested by the Forty-ninth Street Station Association and adopted by the Commissioners received the approval of all the citizens that appeared at the meetings.

The Commissioners therefore unanimously recommend that the Twenty-seventh Ward be divided and that the line of division be as follows:

Starting at Gray's Ferry bridge, then along Forty-seventh street to Paschall avenue; thence along Paschall avenue to Forty-sixth street; thence along Forty-sixth street; thence along Forty-sixth street to Kingessing avenue; thence along Kingessing avenue to West Chester Railroad; thence along the railroad to Fiftieth street;

thence along Fiftieth street to Baltimore avenue, and thence along Baltimore avenue to County line.

They further recommend to your Honorable Court that the question of division upon the lines suggested be submitted by decree of Court to the people of the ward at the February election in 1898.

Respectfully submitted,

(Signed) WILLIAM J. KELLY,
ANDREW J. MALONEY,
CLARENCE A. WRAY,
W. E. THOMPSON,
GEO. W. GARDINER.

APPENDIX No. 10.

RULES.

I. The President, or, in his absence, a member chosen to preside during the meeting, shall take the Chair, at the hour to which Council shall have been adjourned, or as soon as a majority of members appear; and, after that, no member shall depart without leave from the President.

II. He shall preserve order and decorum, and in debate shall prevent personal reflection and confine members to the question under consideration.

III. He shall be the judge of order, and his decisions shall be immediately submitted to, unless two members require an appeal to Council, which shall be decided without debate, except the member appealing shall be permitted to state his reason therefor, and the President reply thereto.

IV. He shall vote on all questions, but take no part in debate without leave of Council.

V. He shall appoint all committees, unless it be otherwise ordered by Councils.

VI. He shall call all special meetings of Council whenever, in his opinion, public business may require it, or on the request of twenty-five (25) members; but when meetings shall be so called, he shall direct the Clerk to insert in the notice to the members the import of the business on which they are to convene.

VII. He shall have a general direction of the Council Chamber. He may name a member to perform the duties of the Chair; but such substitution shall not extend beyond an adjournment, except when the President obtains leave of absence, in which case he may depute a member as President *pro tempore* during such leave, which shall not be for more than two stated meetings.

VIII. The Clerk shall, when the President takes the Chair, call over the names of the members in alphabetical

order, setting down in the Journal the names of all the members present.

IX. He shall keep a Journal of all the transactions of Council, with an index to the same, and present all messages to the Select Council.

X. He shall, by the Sergeant-at-Arms, call the meetings of Council by written or printed notices, one day, at least, previous to the time of meeting; and, in the absence of the President, call special meetings.

XI. When any bill, resolution, or report, is to be printed by an order of Council, the Clerk shall forthwith carry this order into execution; and he shall furnish the Chairman of Committees with copies of resolutions, and, when applied to, with such other papers as may be necessary.

XII. If a quorum of the members do not attend within half an hour after the time appointed for the meeting, the members present may adjourn, the Clerk inserting their names on the Journal; but if a quorum attend, the order of business shall be as follows:

XIII. The Journal of the last meeting shall be read, and, if necessary, corrected as to matters of mistakes or form.

Bills, petitions, original resolutions and other communications may be presented and referred to the appropriate committees.

Reports of committees may be made.

From standing committees in their order.

From special committees.

Original resolutions may be offered.

Bills may be considered in the following order:

Bills on third reading.

Bills on which progress has been made on second reading.

Bills from Select Council, on which no action has been taken.

Bills reported in Common Council, which have not yet been taken up for consideration.

Original resolutions may be disposed of.

Unfinished business.

XIV. When the foregoing order of business is interrupted by an adjournment, the business of the next meeting shall commence at the point where it was interrupted, immediately after the presentation of petitions.

XV. Every member, on presenting a paper to the Chair, shall first state its general purport; and every member who shall make a motion, shall rise and address the chair.

XVI. No debate shall be entered into on any motion, unless that motion be seconded and stated from the Chair; and all motions shall, if requested by two members, or by the President, be reduced to writing. No member shall speak more than twice upon any one question, nor longer than five minutes at a time, without leave of Council.

XVII. No member, when speaking, shall be interrupted, except by a call to order by the President, or by a member to explain, or by a motion for the previous question; nor shall any member be referred to by name in debate, unless for a transgression of the rules of Council, and then by the President only.

XVIII. When a question is under consideration no motion shall be received, except for adjournment; for the previous question; to lay on the table; for postponement; for commitment; or for amendment. These questions shall have precedence in the order in which they are above mentioned; and the first three shall be decided without debate. A motion to lay on the table being agreed to, shall place the subject in the order of unfinished business. An indefinite postponement shall be equivalent to a rejection.

XIX. No amendment which tends to destroy the general sense of any clause or motion shall be admitted; nor shall a motion or proposition different from that under consideration be admitted as an amendment.

XX. A motion to proceed to the consideration of a bill or other subject shall be decided without debate or amendment.

XXI. A motion to adjourn shall always be in order, except when on the call for the previous question the main question shall have been ordered to be now put, or when the Council is voting on another question, or while a mem-

ber is addressing the Chair, and shall be decided without debate.

XXII. Any member may call for the division of a question, which shall be divided if it comprehends questions so distinct that, one being taken away, the rest may stand entire for the decision of the Council. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out, being lost, shall preclude neither amendment nor a motion to strike out and insert. No motion can be received to postpone for the purpose of introducing a substitute.

XXIII. A motion to reconsider any former resolution or vote can only be made or seconded by a member who then voted with the majority; nor unless made at or before the next meeting after the decision. No motion for the reconsideration of any vote shall be in order after the matter upon such vote was taken shall have been sent to the other Chamber, or have gone out of the possession of the Common Council. A motion to reconsider shall take precedence of all other questions, except a motion to adjourn, and on such question a member shall speak but once.

XXIV. The previous question shall not be moved by less than *twelve members* rising for that purpose, and shall be determined without debate. If, on a call for the previous question, Council decide by a majority of the members elect that "the main question shall be now put" a vote shall be had first on the pending amendments, and then on the original question.

XXV. Bills shall be introduced by message from Select Council; by a member in his place; or by a Committee of Council. Every bill shall receive three several readings, on the second of which it shall be read and considered by sections and paragraphs, beginning with the enacting clause and going through to the end; after which the preamble and title shall be decided on.

The third reading of a bill may be by its title, the President announcing the question to be on the final passage of the bill; but no bill shall be read a third time and finally passed in the same meeting in which it originated or was re-

ceived. And no bill reported by Committee after the first Thursday in March shall be considered, except by unanimous consent.

XXVI. Every member who shall be present when a question is put shall vote on the same, unless personally interested or excused at the time the question is about to be put. When less than a quorum vote on any subject under consideration, it shall be the duty of the President forthwith to order the doors of the Chamber to be closed, and the roll of the members be called by the Clerk. If it is ascertained that a quorum is present, either by answering to their names or by their presence in the Chamber, the yeas and nays shall be ordered by the President, and if any member present refuse to vote, such refusal shall be deemed a contempt of Council, and the person so offending shall be liable to censure or reprimand, as the Council shall judge proper.

XXVII. Council may resolve itself into a Committee of the Whole, when, the President having appointed a Chairman, shall leave the Chair, and shall possess the same privilege as any other member. The rules and proceedings observed in Common Council shall be observed as far as they are practicable, in Committee of the Whole, but a motion for the previous question, or for an adjournment, cannot be made, or the yeas and nays called therein.

XXVIII. Every member of a Committee shall attend the call of a chairman, who shall be the first named on the committee. When the committees shall be called over for reports, the chairman, or in his absence, any member of the committee, shall, if required, assign the reason why the committee have not reported. All reports shall be in writing, and signed by all the members agreeing thereto.

XXIX. The rules of parliamentary practice, comprised in "Smull's Legislative Hand Book," shall govern Common Council in all cases to which they are applicable, and with which they are not inconsistent with the standing rules and orders of Common Council, and the Joint Rules of the Select and Common Councils.

XXX. The Stated Meetings shall be held on the first

and third Thursday, at 3 o'clock P. M., at which time the roll shall be called, and adjourned at 6 o'clock P. M.

XXXIII. The Chamber of Common Council shall not be used for any other than Council purposes.

XXXIV. No resolution shall be considered, unless by consent of two-thirds of the members present, until the same shall have first been printed, and copies placed on the desks of members.

XXXV. No person shall be admitted on the floor of Common Council during the sessions without special permission of the President, except the members and officers of the two branches of Councils, ex-members of Common Council, the Mayor, Heads of Departments or Bureaus, members of the Legislature, and reporters who may desire to report the proceedings of Common Council for publication, under the direction of the President.

In the matter of the opening of Thirty-first street, from Queen lane to Abbottsford avenue, in the Twenty-eighth Ward of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed April 15, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages caused by the opening of the above street, between the points named, respectfully report:

That due notice according to the rule of Court having been given to the owners of property affected, and the tenants and jurors in accordance therewith, the jurors met at the Law Department, No. 231 South Sixth street, Philadelphia, on June 23, 1894, and were then organized and severally sworn or affirmed according to law upon their *voir dire*, and being found competent to serve, and there being no objection, were severally sworn or affirmed to perform their duties as jurors impartially and to the best of their knowledge, and according to their best judgment, in accordance with the provisions of the 53d Section of the Act of June 13, 1836. The jury then organized by selecting James M. Stewart, foreman.

That the jurors held meetings, as follows: 1894, June 23; November 27; October 29; November 16, 23, 24, 30; December 7, 14, 21; 1897, January 4, 11, 18, 25; February 1, 8, 14, 21, 28; March 1, 3, 7, 8, 9, 10, 11, 15, 16, and 17, 1898, making twenty-nine (29) meetings in all.

That Watson P. Magill, one of the jurors, departed this life on the 26th day of July, A. D. 1895, and John Galloway was appointed in his place on February 5, 1896.

That before and after taking testimony, they viewed the said premises.

That they were attended at the various meetings by John H. Chestnut, Esq., and John G. Johnson, Esq., and E. G. Hamersly, Esq., for Horace E. Richards; John S. Gerhard, Esq., for Robert S. Smith and Elizabeth S. Newhall; Messrs. Morgan & Lewis, for Estate of Wm. G. Warden; Frank L. Lyle, Esq., for Henry R. Shock and

by Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at the meetings held on the days mentioned, the jury heard the testimony of expert witnesses called by the property owners, and by the City as to the value of the property on Thirty-first street, from Queen lane to Abbottsford avenue, and as to the effect upon such property by the opening of Thirty-first street to the full width laid down upon the City plan.

And now, therefore, after a full and impartial consideration of the testimony submitted to them, and a careful view and review of the lines and grades at which the said street is to be opened, and taking into consideration not only the damages and benefits by reason of the opening of said street, but also the grade at which it is opened, and considering all the advantages and disadvantages to each property by reason of the opening of Thirty-first street, and acting in the premises impartially and according to their best judgment, the undersigned have agreed upon the following as an assessment of damages to the properties affected by the opening of Thirty-first street, from Queen lane to Abbottsford avenue:

Horace E. Richards	\$3,500 00
Robert S. Smith and Elizabeth S. Newhall..	1,354 00
Estate of Wm. G. Warden.....	1,650 00
Henry R. Schoch.....	10,090 00
<hr/>	
Total.....	\$16,590 00

The jury considered fully the question of benefits to adjacent properties on the line of the opening, and finding no benefits, other than a general benefit to the entire community, they are therefore of the opinion that the total damages should be paid by the City of Philadelphia.

The jurors hereby certify that they attended meetings, as follows:

Watson P. Magill, deceased....	2 meetings.
John Galloway	27 meetings.
James M. Stewart.....	29 meetings.

Cyrus Cadwallader	29 meetings.
John P. Watson	29 meetings.
A. G. Rapp	29 meetings.
Wm. R. Allison	29 meetings.

All of which is respectfully submitted.

John Galloway,	James M. Stewart,
Cyrus Calwallader,	John P. Watson,
Wm. R. Allison,	A. G. Rapp.

LAW DEPARTMENT.

Philadelphia, April 20, 1898.

W. H. BAKER, Esq.,

Secretary of Finance Committee.

DEAR SIR:—In your communication of the 19th inst., enclosing Appendix with draft of ordinance for loan to be made in pursuance of the vote at the election held by the people in last November, you ask whether the said ordinance can be voted on by separate items, or must it be passed upon as a whole.

The purport of your question is, I assume, whether the several items for which the entire loan of \$11,200,000 was authorized, may be separately voted on by Councils and money borrowed for such items only as may be so authorized, without borrowing at the same time money on the other items.

On February 24th of this year, to a similar inquiry from Mr. Jacob J. Seeds, Chairman of the Finance Committee, I replied as follows: "The City was authorized by vote of the electors to increase its indebtedness in the sum of

\$11,200,000, and it is within the discretion of Councils to issue loans up to \$11,200,000 for the purposes authorized, or any of said purposes, in such amounts and at such times as they may deem proper."

This quotation embodies the opinion of this Department upon this subject, and I therefore submit it as a full reply to your inquiry.

Yours very truly,

JOHN L. KINSEY,

City Solicitor.

APPENDIX No. 35.

OFFICE OF THE MAYOR.

Philadelphia, May 5, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration a communication received from Thomas M. Thompson, Director of the Department of Public Works together with a letter addressed to him by W. H. Reeder, Lieutenant Commander of the United States Navy in charge of Coast Defense, Third District, relative to the use by the Government in the Coast Defense System of the three City Ice Boats and the three Police Boats.

Since the receipt of these communications an inspection of the boats has been made by Lieutenant Commander Reeder and the conclusion reached is that Ice Boat No. 3 is the only one that would be of use at this time.

The Government has therefore expressed a desire to charter this boat.

In this connection it may be proper to state that the loss to the City by reason of a lease of this Ice Boat, will not in any wise seriously affect the matter of the channel, inasmuch as it will no doubt be equally to the advantage of the Government to keep the channel clear.

I herewith submit a form of resolution in relation to the matter.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 25, 1898.

HON. CHAS. F. WARWICK,

of coast defense of the Third District, requesting for the use of the Government, in the coast defense system of the Delaware river, the three City Ice Boats and three Police Tugs.

The Ice Boats are City property and under the control of this Department. I am of the opinion that we cannot loan these boats, without an ordinance of Councils, and I respectfully refer the matter to you for such action as you may deem necessary in the premises.

I have advised Lieut. Reeder that his communication has been referred to you for action.

Yours respectfully,

THOMAS M. THOMPSON,

Director.

Philadelphia, April 25, 1898.

THOMAS M. THOMPSON, Esq.,

Respectfully,

W. H. REEDER,

Lieutenant Commander, U. S. Navy. In Charge Coast Defense, Third District.

RESOLUTION

Authorizing the Mayor to lease to the Government of the United States City Ice Boat No. 3, and to suspend Joint Rule No. 30 of the Select and Common Councils, for the purpose of enabling the Clerks of Councils to present this resolution to the Mayor, for his approval or disapproval.

WHEREAS, The Government of the United States desires to charter or lease from the City of Philadelphia City Ice Boat No. 3 for the use of the Coast Defense System of the Delaware river; therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor of the City be, and he is hereby authorized to lease to the Government of the United States City Ice Boat No. 3 for its use in the Coast Defense System of the Delaware river, under such terms and conditions as he may think best for the interests of the City of Philadelphia, and that Joint Rule No. 30, of the Select and Common Councils of the City of Philadelphia be suspended, to enable the Clerks of Councils to submit this resolution to the Mayor, for his approval or disapproval.

Yours very truly,

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

C. P. 4.

In the matter of the opening of Torresdale avenue, from Gillingham street to Bridge street, in the Twenty-third Ward of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed May 3, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to determine the necessity for the opening of Torresdale avenue, from Gillingham street to Bridge street, and, if they so determine, to assess the damages and benefits, if any, caused by reason of the opening of the said Torresdale avenue, from Gillingham street to Bridge street, respectfully report:

That after due notice, proof whereof appears of record, and is filed with the report, the jurors met for organization on June 28, 1897, in Room 381, City Hall. The following jurors were present: S. Bonnafon, Jr., Samuel W. Wray, A. M. Rambo, William Frazer, R. C. V. Meyers and W. F. Anderson. At this meeting Wm. H. Futrell, Esq., appeared for the petitioners, and George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia. At this meeting, S. Bonnafon, Jr., was elected foreman and the petition read to the jury and the official plan produced for the use of the said jury, which said plan is also filed with this report. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced, and is now of record.

That at this meeting, to wit, June 28, 1897, and before organization, the jury were severally sworn or affirmed

by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Torresdale avenue, from Gillingham street to Bridge street, impartially and according to their best judgment.

The jury met on September 13th and 20th, and on October 4, 1897; but the plan not being ready, adjourned to October 11, 1897.

That on that day, to wit, October 11, 1897, the jury made a view on the line of the proposed opening, after which they met for the purpose of hearing testimony for and against the advisability of the opening of the said street, on October 18, November 15, 22 and 29, 1897. They made another view on December 6, 1897, and met for consultation on December 11, 13, 17 and 20, 1897.

On December 20, 1897, the jury reported that after due consideration they found that the public necessity required the opening of said Torresdale avenue, from Gillingham street to Bridge street. The jury endeavored to obtain releases of claims for damages from the property owners, but was unable to do so.

Subsequent meetings were held for the purpose of hearing claims for damages, reviewing and argument of counsel on the following days: January 10, 17, 19, 24, 26, 31; February 2, 7, 9, 14, 16, 21, 23, 28; March 2, 7, 9, 14, 16, 21, 23, 28, 31; April 1, 4, 6, 11, 13, 14, 15, 18, 19, 20, 21, 22 and 23, 1898.

For consultation, they met on April 25, 26, 27, 28, 29 and 30, 1898.

The jury at various times was attended by the following counsel, representing property owners and tenants along the line of the said street: Wm. H. Futrell, Esq., for Orlando and Samuel W. Raynor, Abraham Everett, Edward F. Krewson, Mary Rauch, John C. Howell, John Ram-schasel, Sarah Curry, Adaline Q. Brand, Daniel Darrieff, and Lincoln Williams, a tenant. Samuel Wakeling, Esq.,

for R. Greenwood and Bault; J. Washington Logue and Joseph McCullen, Esqs., for Annie Carey; William F. Dudley, Esq., for Nicholas Houlker, Mary Bestwick, Stewart Mitchell and George Letting; William H. Peace, Esq., for George R. Osborne and Decatur Building Association; Leonard R. Fletcher, Esq., for Orin A. Brand; Thomas Leaming, Esq., for Elizabeth Bradley or Dyson; William H. Lex, Esq., for the Estate of Edwin H. Fitler; Horace F. Hepburn, Esq., for Gustave Lyon. No one appeared for William Wilson, but his claim was considered by the jury. None of the property owners on the northwest side of Torresdale avenue, between Bridge street and Frankford street, appeared before the jury, as their properties were not affected by the proposed opening. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

warfare, by Commodore George Dewey and the brave men composing the American fleet in the harbor of Manila, resulting in the annihilation of the Spanish fleet in those waters, relieving American commerce in the Pacific from the fear of capture and securing a foothold on Spanish soil which may be developed into a base of supplies for the Asiatic squadron, therefore,

“Resolved, by the Select and Common Councils of the City of Philadelphia, That as a mark of appreciation of the gallantry and skill displayed by Commodore George Dewey and the bravery of his heroic men, whereby under the blessing of Providence he accomplished a signal victory over the Spanish fleet in the harbor of Manila on May 1, 1898, the thanks of these Councils be and the same are hereby tendered to Commodore George Dewey and his gallant command composing the Asiatic squadron in the harbor of Manila.

Resolved, That a copy of these resolutions be forwarded to Commodore George Dewey and the Secretary of the Navy of the United States, and entered upon the Journal.

I am, respectfully,

CHAS. F. WARWICK,

Mayor.

APPENDIX No. 53.

OFFICE OF THE MAYOR.

Philadelphia, May 19, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration a communication received from Mr. Thomas M. Thompson, Director of the Department of Public Works, relative to additional appropriations to the Bureaus of Highways, Surveys and Water, Department of Public Works, for the year 1898.

I am, respectfully,

CHAS. F. WARWICK,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 19, 1898.

HON. CHARLES F. WARWICK,
Mayor of Philadelphia.

DEAR SIR:—I would respectfully call attention to the deficiency in the appropriation to several of the Bureaus of this Department.

This deficiency is caused by the inadequacy of the appropriations for the current year. The estimates submitted to the Finance Committee in December last, were so reduced, that the appropriations made are totally inadequate to meet the demands made upon the Department.

On April 6th last, I forwarded you two communications to be sent to Councils, calling attention to the deficiency in the appropriations to several items in the annual appropriation to the Bureau of Highways, Surveys and Water; as no appropriation has been made to cover these deficiencies, I have included the amounts in the statement of additional monies needed, and which is appended to this report.

Bureau of Highways.

Item 3, for repairs to paved streets. This item is almost exhausted.

Item 6, for grading. At the present time we have work authorized by ordinances of Councils, for which proposals have been advertised and received, amounting to over \$100,000 in excess of the appropriation for this character of work.

Item 7, for repairs to bridges. The balance to the credit of this item has been reduced to \$1,000. When it is considered that we have over 300 bridges to maintain out of the appropriation to this item, it is apparent that additional appropriations should be made.

The small amount which we set aside out of the annual appropriation for resurfacing streets paved with sheet asphalt, is entirely exhausted. There are a number of asphalt paved streets throughout the City, the wearing surface of which is entirely worn out and the streets are badly in need of resurfacing, and provision should be made for this work.

Bureau of Surveys.

We have received proposals for the reconstruction of a section of the old Cohocksink sewer on Eleventh street, between Norris and Diamond streets, but the amount of money to the credit of the item is only sufficient to do

one-half the work, and additional appropriation should be made to enable the Department to reconstruct this section of sewer.

The cost of the branch sewers authorized by ordinances of Councils up to the present time, is far in excess of the amount of money available for their construction.

Much of the work ordered which cannot be done because of insufficient appropriation, is very important, as several of the sewers authorized are in the Manayunk district, and they are intended to divert the drainage and prevent the pollution of the water in the Schuylkill river. Their construction have been urgently recommended by the Bureau of Health, but they cannot be built unless additional appropriation is made to the branch sewer item.

I am informed that there are now pending in Councils, ordinances authorizing the construction of additional sewers, also for grading streets; it would be, I think, injudicious, if not illegal, to pass ordinances for additional work until appropriation sufficient to pay for that already ordered, has been made.

Bureau of Water.

The amount of money under contract for supplying coal to the pumping stations will be exhausted by July 1st, and it is absolutely necessary that additional appropriation be made to this item to enable the Department to contract for an adequate supply of coal for our pumping stations for the balance of the current year.

The available balance to the credit of the several items out of which per diem men and laborers are paid, will be exhausted during the month of July; and if the work of the Department is to be done, and if the present force is to be continued, it will be necessary that provision be made for the payment of their wages before the adjournment of Councils.

I have the honor to request that you ask Councils to consider these matters, and make the appropriations necessary to successfully carry on the work of this Department.

Yours respectfully,

THOMAS M. THOMPSON,

Director.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their respective names:

REPORT OF JURY.

(Filed May 17, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors appointed by this Honorable Court to assess the damages for the opening of Dyott

street, from Richmond street to Beach street, in the Eighteenth Ward of the City of Philadelphia, respectfully submit the following report:

That the jury met on the 29th day of April, 1896, at 3 o'clock P. M., and organized. At this meeting there were present the following jurors: Francis J. Keffer, Geo. R. Peddle, James H. Gay, Samuel S. Ellis, Geo. W. Frazier, and P. F. Gallagher, as well as the following counsel: J. B. Townsend, Jr., and Chas. W. Townsend, Esqs., for Phoebe H. Ashbridge and Sallie Benners, owners, and Albert H. Park, tenant; Henry R. Hatfield, Esq., for Hughes and Patterson, and the estate of John O. Hughes and Robert J. Hughes, and Norris S. Barratt, Assistant City Solicitor, for the City of Philadelphia.

The jury were then examined on their *voir dire*, and being found competent and there being no objection were severally sworn or affirmed to perform their duties according to law, and adjourned to May 2, 1896, to view, it being expected that the final plan of Dyott street would be before this jury at that time. On May 2, 1896, all the jury met at the Benner property and viewed it and other properties on the line of the improvements and adjourned until further notice. Pursuant to notice the jury met at the road room at 231 South Sixth street, Philadelphia, on May 17, 1897; present, all the jurors except P. F. Gallagher, who had died in the meantime, but there was present John Maguigan, who was appointed by this Court a juror on March 17, 1897, in the place and stead of said P. F. Gallagher, deceased. The jury were also attended by the same counsel as above set forth.

At this meeting the jury selected Mr. Keffer as foreman and were severally sworn or affirmed by one of their number upon their *voir dire*, and examined by all the counsel present touching their capacity to serve as road jurors in this proceeding.

It appeared that each juror was disinterested and competent and in all respects duly qualified to serve in this proceeding, and all the counsel present expressed themselves as satisfied with the examination. The jurors were then severally sworn or affirmed by one of their number

to perform their duties as road jurors in the matter impartially and according to their best judgment.

The petition on which the jury was appointed was then read to the jury. The jury then adjourned to meet on the 24th day of May, 1897. At this meeting, notice was read of the appointment of Robert H. Price as stenographer. At this meeting the jury were furnished with the official plan showing the lines of Dyott street and the proposed opening thereof from Richmond street to Beach street, and the properties affected by the opening. As appears by this plan, the Aramingo canal is to be filled in and what is now the bed of the canal is to be called Dyott street. The jury then adjourned to May 26, 1897, when accompanied by claimants and their counsel and Mr. Barratt, for the City of Philadelphia, proceeded to and viewed Dyott street, from Richmond to Beach street. At this view all the jurors were present. The jury then adjourned to meet on Wednesday, June 2, 1897. By reason of the absence of witnesses the jury adjourned to June 9, 1897. At the meeting held on July 7, 1897, the taking of the testimony on behalf of the respective claimants commenced. For the purpose of hearing the testimony of the many witnesses produced, sworn and examined before them, the jury subsequently met on the following dates:

October 6, 14, 21, 28; November 4, 11, 18, 26; December 2, 9, 16, 23, 1897; January 13, 20, 26; February 2, 9, 16, 18, 23; March 2, 9, 16, 23, 30; April 6, 13, 15, 20, 22 and 27. For purposes of consultation: April 28, 29; May 2, 4, 5, 6, 9, 10, and 13, 1898, making a total of 53 meetings.

The jury have heard a large amount of testimony offered both by the claimants and the City. Experts of wide local reputation were called and examined, which enabled the jury to receive the best possible testimony obtainable to enlighten them in the fullest consideration of the claims, and to aid them in arriving at intelligent and just conclusions. In addition to the mass of testimony presented the jury were aided materially in their deliberations by frequent and thorough examinations of the properties affected by this proceeding. The properties were visited

and examined by the jury, at different times, thereby giving the jury needed opportunities to inspect the operation of manufacturing and other industries, and to become thoroughly acquainted with the character of the buildings on the line of the proposed opening.

After the testimony was closed the matter was given into the hands of the jury. After carefully going over all the three hundred and odd pages of testimony, and considering the claims presented, the jury has arrived at the following conclusions, and awards to each the amount set opposite their respective names and properties:

Phobe H. Ashbridge and Sallie Benners, owners of the Dyottville Glass Works....	\$46,757 00
Robert J. Hughes; Margaret Jane Hughes, guardian of William H. Hughes, a minor and the firm of Hughes & Patterson, pro- prietors of the Delaware Rolling Mills....	22,500 00

The viewers do further find that no property in the immediate vicinity is benefited by the opening of Dyott street, and that all the damages should be paid by the City of Philadelphia.

To the Chairman and Members
of the Committee on Surveys.

GENTLEMEN :—Your Committee, to which was referred an ordinance entitled “A Supplement to an ordinance approved April 3, 1894, providing for a revision of the lines and grades upon the City plan in the territory embraced between Cumberland street and the Aramingo canal and east of Richmond street, and to vacate certain streets and to place new streets on plan, etc, etc.,” beg leave to report that they have visited the property in question, and after giving the subject a very careful consideration they find that the Pennsylvania Railroad Company and the River Front Railroad Company have already dedicated to the

City a large block of property and will be required by the ordinance to expend at least fifty thousand (50,000) dollars by reason of the revision of the lines and grades in connection with the widening of Richmond street and the abandonment of Beach street. We, therefore, submit the following statement of the officer of the Pennsylvania Railroad Company, which fully explains the situation:

In view of the Pennsylvania Railroad Company having dedicated large pieces of valuable ground to the City of Philadelphia on (Moyer) Aramingo avenue, on Richmond street, and on Beach street, in accordance with the provisions of the ordinance and the requirements under the same to remove the tracks on the new Richmond street, between York and Norris streets; to remove the brick wall of a large mill situated on one of the lots taken; the cost of paving, curbing and other street improvements, which will be incurred by this revision involving a cost of about \$50,000; the sacrifices of the Pennsylvania Railroad Company in refraining from interfering with the consummation of the entire scheme of improvement contemplated in this ordinance so as to give the Cramp Company the relief they so much needed; that it was certainly the understanding of the railroad company at the time of the passage of the ordinance that no claim would be made against them and in support of that contention the following letter from Mr. Geo. B. Roberts, President of the Pennsylvania Railroad Company, to Mr. Geo. S. Webster, Chief Engineer and Surveyor of the City of Philadelphia, is quoted: "The Pennsylvania Railroad Company or the River Front Railroad Company, either or both of them, will dedicate so much of their property located between Norris and York and Moyer and Richmond streets, as may be necessary for opening or widening of Richmond street, from Cumberland street to Aramingo canal, and so much of their property as is necessary for the widening of Moyer street, for the extension of the new Aramingo avenue, from East Girard avenue to Cumberland street, when the said streets are opened to public travel, provided that the City of Philadelphia does vacate or cause to be legally vacated the proposed street occupied by what is now known as Aramingo canal, from

Norris to a point near Cumberland street, and does not make any claims upon either the Pennsylvania Railroad or the River Front Railroad Company for any advantages that may accrue to either or both by reason of the widening or opening of such streets."

We think the above sufficient reasons why the Pennsylvania Railroad Company should not be assessed benefits.

George W. Conrad (*Ch'n*), Jacob J. Seeds, Elmer S. Little.

A SUPPLEMENT

To an ordinance approved April 3, 1894, providing for a revision of the lines and grades upon the City plan in the territory embraced between Cumberland street and the Aramingo canal and east of Richmond street, to vacate certain streets and to place new streets on plan, etc., etc.

WHEREAS, By "An Ordinance to revise the lines and grades upon the City plan in the territory embraced between Cumberland street on the north and Aramingo canal on the south, and east of Richmond street, and to vacate and strike from the City plan Delaware avenue, from Shackamaxon street to Cumberland street; Ball, Norris, Plum, York and Rush streets, east of Richmond; Beach street, from a point near Aramingo canal northeast to the north side of Cumberland street; Clayborne street, from Plum to Ball street, and Artisan street, from East Norris street to Ball street; and to widen Richmond street, on the westerly side, from the north line of Cumberland street to the angle northeast of the Aramingo canal, to the width of one hundred and twenty (120) feet, and to place on the plan a new street from the angle northeast of the Aramingo canal to Beach street; to widen Cumberland street on the southwestwardly side to a width of one hundred and twenty (120) feet, from the northwestwardly line of Richmond street to the northwestwardly line of Aramingo canal; to locate and place upon the City plan a street one hundred (100) feet wide to be called

Aramingo avenue, from the intersection of East Girard avenue and Ash street to the southwestwardly side of Cumberland street, near Thompson street; to widen Norris street on the southwestwardly side to a width of one hundred (100) feet, from Richmond street to Moyer street; to locate and place upon the City plan a street one hundred (100) feet wide on the bed of Aramingo canal, from the southwardly side of Beach street to East Girard avenue, and from the northeastwardly side of Cumberland street to Somerset street; to strike from the City plan and vacate Aramingo canal, from East Norris street northward to the line of proposed Aramingo avenue, near Cumberland street; to revise the lines and grades upon the City plan of all streets in the vicinity that may be affected by the opening, widening and vacating of the streets aforesaid; to provide for the removal of the railroad tracks now on Beach and Cumberland streets; to provide for the entrance of security by the City of Philadelphia, and to direct the making of the physical changes required to carry this ordinance into effect," approved April 3, 1894, it is provided among other things that the Pennsylvania Railroad Company and River Front Railroad Company shall dedicate to public use so much of its ground as shall be required for the opening of Richmond street and the extension of East Girard avenue by the widening of Moyer street; now, therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That in consideration of no claim being made for damages for property taken or injuries sustained by widening, extending or opening any of the streets or avenues or the vacation of the streets or of any of the changes authorized by the aforesaid ordinance the City Solicitor is hereby directed and authorized upon the dedication of Moyer street and so much of the ground required for the widening of Richmond street, to release the Pennsylvania Railroad Company and the River Front Railroad Company of any sum assessed as benefits in any proceeding now or hereafter brought in any Court by reason of said ordinance.

APPENDIX No. 69.

LAW DEPARTMENT.

Philadelphia, May 20, 1898.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I send you herewith report of the jury in re construction of the Walnut street bridge over the Schuylkill river and the western approaches, piers and abutments thereof affecting and injuring the property of Thomas M. Wetherill.

Walnut street, from Thirty-second eastward to the Schuylkill river, was duly opened under ordinance of December 9, 1889 (Ord. 1889, p. 372). I am pleased to state, that while Thomas M. Wetherill claimed \$3,000, the jury refused to award him any damages, and decided the matter in favor of the City.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF COMMON PLEAS No. 2, OF
PHILADELPHIA COUNTY.

Of December Term, 1894. No. 342.

In re construction of the Walnut Street Bridge over the Schuylkill river and the western approaches, piers and abutments thereof affecting and injuring the property of Thomas M. Wetherill.

To the Honorable the Judges of said Court:

The undersigned viewers appointed by your Honorable Court in above matter, respectfully report:

The viewers met at the Law Department, No. 231 South Sixth street, in the City of Philadelphia, on Feb-

ruary 7, 1895, viz: William S Blight, William H. Whitaker and William A. Sooy, and organized by the selection of William S. Blight as foreman, and William A. Sooy as secretary. At this meeting proof of service of notice on owners and tenants on the line of said improvement was produced. Also, proof of publication of the meeting in "The Evening Star," a newspaper of general circulation, and of posting of hand-bills, as directed by the Court, which are filed of record.

There were present: Edmund G. Hamersly, Esq., for Chas. W. Gumbes, et al.; Thos. A. Gummey, Esq., and Chas. Wetherill, Esq., for petitioner, Thos. M. Wetherill, and Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia. All of the viewers were duly sworn or affirmed on their *voir dire*, and upon examination, it appearing that they were competent to act as such viewers, and there being no objection by counsel for petitioners, they were then duly sworn or affirmed by a notary public to perform their duties as viewers according to law.

A plan of Walnut street, from the Schuylkill river to Thirty-third street, Twenty-seventh Ward, and showing change of grade, prepared for road jury October 15, 1890, by William H. Jones, Surveyor of the Twelfth District, endorsed Walnut street, Q. S. (Court No. 1, Feby. T., 1890, No. 3) was produced by the Clerk of the Court of Quarter Sessions and offered in evidence for the use of the viewers, which plan is considered as filed with this report.

On February 9, 1895, the viewers met pursuant to adjournment and proceeded to Thirty-first and Walnut streets to view the property. They were accompanied by the Assistant City Solicitor and counsel for the parties in interest. They had with them the plan of Walnut street, and made a careful view of the said Walnut street, and particularly the premises of petitioner claimed to be affected.

The viewers held forty meetings in all, including those mentioned on the following dates, viz: 1896, June 17, 22; October 5, 12, 19, 26; 1897, May 10, 13, 19, 26; June 2, 9, 16, 23, 30; September 22, 29; October 13, 20, 27;

November 3, 10, 17, 19, 22, 24, 29, 30; December 1, 2, 3, 4, 6, 20, 21, 23, 24, 26, making forty meetings in all. They were attended by Thomas A. Gummey, Esq., and Charles Wetherill, Esq., for petitioner, Thomas M. Wetherill, and by Norris S. Barratt, Esq., Assistant City Solicitor, for the City. Also, a number of witnesses on behalf of claimants and property owners, as well as witnesses on behalf of the City. That said witnesses were duly examined on oath and the evidence fully heard by the viewers.

Thomas M. Wetherill, owner of premises northeast corner of Thirty-first and Walnut streets, claimed \$2,000 damages, being depreciation of his property in its market value by reason of the building of the approach to the Walnut Street Bridge, and the change of grade occasioned thereby.

From the evidence presented to them the viewers find the following facts:

First.—Walnut street, from Thirty-second street eastward to the river Schuylkill, was duly opened under ordinance of December 9, 1889 (Ordinances, 1889, p. 372) and that Robert J. Mercer, Joshua P. Ash, Thomas Ashton, William J. Pollock and Alexander Morgan were appointed jurors by the Court of Quarter Sessions, on February 20, 1889, to report damages and benefits occasioned thereby.

Second.—That the ordinance of December 9, 1889, contemplated the immediate opening of Walnut street, of the width of eighty feet, and a change of grade of twenty-nine feet above the natural surface of Walnut street opposite the premises of petitioner, Thomas M. Wetherill, which change was necessary as an approach in order to use the bridge then to be constructed across the Schuylkill river, connecting the City with West Philadelphia.

Third.—That while said jury were hearing testimony as to damages and benefits by reason of said opening of Walnut street, the City of Philadelphia having filed a bond in Court on March 19, 1889, for \$150,000, Thomas M. Wetherill, petitioner, on July 2, 1889, threatened to

obtain an injunction restraining and preventing the erection of the iron frame work of approach of the Walnut street bridge which the City of Philadelphia had commenced work upon.

Fourth.—That in order that the work should not be interfered with, on July 19, 1889, Edwin H. Fitler, Mayor of the City of Philadelphia, executed and delivered to said Thomas M. Wetherill, the present claimant, a bond in \$100,000, with the following condition:

“Now the condition of this obligation is such, that should “the City of Philadelphia pay or cause to be paid, any “and all damages to private property belonging to the “said . . . Thomas M. Wetherill . . . that shall “be taken, injured or destroyed by the construction of the “said Walnut street bridge over the river Schuylkill at “Walnut street, then this obligation to be null and void “or else to be and remain in full force and virtue: Pro- “vided, however, That nothing herein contained shall be “construed as a waiver on the part of the said City of “the right to claim that the land on which the piers for said “bridge are to be erected belongs to said City.”

Fifth.—That said Thomas M. Wetherill presented a claim for damages of \$20,000 to said jury, by reason of the opening of Walnut street, from Thirty-second street to the river Schuylkill, and on December 29, 1890, their report was duly filed of record in the Court of Quarter Sessions awarding said Thomas M. Wetherill, thirteen thousand (13,000) dollars as damages to the lot northeast corner Thirty-first and Walnut streets, which is the same lot now before your Viewers.

Sixth.—That it appears by said report, which was filed December 29, 1890, that the jury having in charge the opening of Walnut street, fully considered the grade as well as the value of the land taken, which the plan before them showed was to be raised opposite Thomas M. Wetherill's land twenty-nine feet, as shown by the following answer to fifth point submitted by property owners claimants of which the present claimant, Thomas M. Wetherill, was one, viz:

"5. Whether, in assessing benefits for land taken or injured, the jury have considered any proposed change of grade above the existing surface of the bed of Walnut street ?

"The jury heard all the testimony as to the claims of those to whom damages were subsequently awarded prior to July, 1888. At that time the grade of Walnut street, on the official plans conformed practically to the surface as it then existed, the surface of Thirtieth and Thirty-first streets and the several railroad tracks crossing Walnut street.

"The change of grade to Thirty-first street was confirmed March, 1889. At that time the jury was not holding meetings, the tangle in road proceedings owing to the uncertainty with reference to the constitutionality of the Act of 1887 having tied up all pending proceedings. The jury did not resume its sessions till March, 1890, and then under a new appointment. The street had been opened by ordinance of December, 1889, and by bond filed in March, 1890. It was, in the view of the jury, opened at the grade which was the confirmed grade at the time the City passed its ordinance, or gave bond. The several claimants in March, 1890, came before the jury and elected to stand on the testimony they had presented prior to July, 1888, prior to the last change of grade. They did not consider that the physical construction of the street which had been begun in July, 1888, and was still in progress, was in fact any added injury to them. While in law the jury deem it an element of damage, and while they intend their award to embrace the value of the land taken and all consequential damages flowing from the physical construction of the highway, the 'change of grade' as it is termed, they did not and do not in fact ascribe any practical importance to the elevation at which the street is opened. Every lot affected has its natural outlet on the river, or on Thirtieth street, or on Thirty-first street, or on the tracks of the several lines of railroad crossing the lots. The method of construction adopted leaves ten feet of street outside of the elevated portion, thus giving access to the sides of the lot, preventing the cutting off of light

“and air and doing the slightest amount of damage to the parts of the lots left. Had the City adopted the same method of construction east of Thirty-second street as west of it, the element of change of grade would have been more serious. The style adopted has done the least possible damage.

“The settlement made with Allisons has, of course, rendered any consideration of the claim of the owner and tenants unnecessary, and between Allisons and Thirty-first street, no claims were presented and no damages were awarded.

“The jury has considered the grade as they found it. The jury intends its awards to embrace damages for land taken and consequential claims for grade, but in point of fact the awards to claimants are very little, if anything, in excess of what they would have been had the street been opened at the surface of Thirtieth, Thirty-first and Thirty-second streets, but a few feet above high water.”

Seventh.—That the approach to Walnut street bridge opposite the property of Thomas M. Wetherill is twenty-nine feet higher than the natural surface of Walnut street, and that its physical construction was commenced about July 15, 1889. It conforms to the grade of Walnut street approved by the Board of Surveyors, March 18, 1889, and that there has been no other change of grade except this, affecting claimants' property from that date, viz: March 18, 1889, up to the present time.

Eighth.—That the City of Philadelphia filed the following exceptions on February 2, 1891, to the jury's report, viz:

“Because the jury erred in awarding to Thomas M. Wetherill damages in the sum of thirteen thousand (13,000) dollars.

“Because the said damages are excessive.”

On May 4, 1891, these exceptions were dismissed, after argument, and the report confirmed, and on May 5, 1891, which is one year and ten months after the date upon which Thomas M. Wetherill accepted the bond of \$100,-

000 from the City of Philadelphia, and over two years after the approval of the grade of March 18, 1889, he obtained a mandamus and collected from the City of Philadelphia the thirteen thousand (13,000) dollars awarded him by the jury for the damage to his property, Thirty-first and Walnut streets, by reason of the opening of Walnut street, and the change of grade now existing upon the identical ground for which he asks additional damages.

Your viewers upon above finding of facts, decided that said Thomas M. Wetherill was not entitled to damages, and have therefore made no award.

The jury caused notice to be served on property owners and the City that they would exhibit their schedule on Monday, December 20, 1897, at 2 P. M., at road jury room, No. 577, City Hall. Proof of service filed of record. Pursuant to said notice your jury met and were attended by the same counsel and parties as set forth in the report, and exhibited the schedule of finding of jury awarding no damages, as per copy annexed. After listening to additional argument by Messrs. Gummey and Wetherill, for claimant, and Norris S. Barratt, for the City, the jury consulted and after fully considering the arguments presented, are unanimously of opinion that said Thomas M. Wetherill has already been paid all damages suffered by him by the opening of Walnut street and its change of grade, and that having accepted the money awarded him by the original jury, he cannot again be paid by the City of Philadelphia for the same claim.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed May 23, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the widening of Chestnut street, in front of premises No. 1716 Chestnut street, respectfully report:

That after due notice the jurors met on April 29, 1898, at 3 P. M., in Room 577, City Hall, Philadelphia, for

organization. The following jurors were present: John Maguigan, James Work, Augustin S. Roberts, J. L. Fagan, John Taylor, and Wm. C. Haines. Chas. H. Edmonds, Esq., appeared for Mrs. Agnes Bowers Wall, the owner of premises 1716 Chestnut street, and David Lavis, Assistant City Solicitor, appeared for the City of Philadelphia.

At the meeting held April 29, 1898, the jury was organized by electing John Maguigan, foreman, and J. L. Fagan, secretary, after which the said jurors were sworn or affirmed by one of their number on their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The said jurors were then severally sworn or affirmed to perform their duty as road jurors in the matter of the widening of Chestnut street, in front of premises No. 1716 Chestnut street, impartially and according to their best judgment. At this meeting a copy of the petition was read to the jury, and the official plan was produced for their use.

The jury met on the 3d day of May, at 3 P. M., and viewed the said premises. Five of the jury were present at said view. Subsequently meetings were held for the purpose of taking testimony on May 6, 10, 13, and 17, 1898. The jury met on the 18th day of May, 1898, and reviewed the said premises, and on May 19, 1898, for the purpose of consultation.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades to which said street was widened, and considering as well the advantages and disadvantages to the property of the said petitioner, the jury do find that the said petitioner, Agnes Bowers Wall, has suffered damage to her property to the extent of two thousand (2,000) dollars, and award the said sum as damages therefor.

The jury also considered the question of benefits, and determined that no property in the immediate vicinity is benefited by the said widening, and that the whole of

the said sum of two thousand (2,000) dollars awarded as damages, should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed May 24, 1898.)

To the Honorable the Judges of said Court:

The jurors appointed by your Honorable Court to assess the damages or benefits, if any, in the above case, respectfully report:

That the jury met for organization on May 17, 1897, at which meeting a copy of the petition was read to the jury, an official plan was presented and the jurors were duly sworn and examined upon their *voir dire*, and as to their competency to serve.

That on May 18, 1897, the jury viewed the premises in question. Subsequent meetings of the jury to hear testimony were held on the following dates: June 4, 11, 18, 23, 25, 30; July 2, 7, 9; September 29; October 1, 6; November 19, 1897; January 14, 21, 27; February 3, 10, 18; March 4, 11, 15, 16, 22, 24, 25, 26, 29, 31, and one meeting on April 1, 1898, for consultation.

That at these meetings evidence was offered in behalf of the following claims: On behalf of the claim of John Meighan, by his attorney, Alex. Simpson, Jr., Esq.; by W. Horace Hepburn, Esq., for Samuel D. Hunsberger; by William J. Turner, Esq., for John Jones, Elizabeth Baldwin, Peter B. Hinkel, Henry Dockenwadel and Wm. Unruh; by Henry M. DuBois, Esq., for Sarah H. Baker, Annie M. Kiernan, Thomas Kiernan and C. S. Sheets; by Robert Alexander, Esq., for the Carpenter Land and Improvement Company. Chester N. Farr, Jr., Esq., Assistant City Solicitor, appeared for the City of Philadelphia.

And now, after a careful consideration of the premises in question, and of the testimony submitted, the jury make the following assessments of damages from the widening of Franklin street to a further width of five feet on the southeast side of the said street, extending from German-town avenue to Emlen street:

John Meighan	\$4,500 00
Samuel D. Hunsberger	410 00
John Jones	284 00
Elizabeth Baldwin	284 00
Peter B. Hinkel.....	1,384 60
Henry Dockenwadel	419 00
William Unruh	380 00
Sarah H. Baker.....	380 00
Annie M. Kiernan.....	300 00
Thomas Kiernan	200 00
C. S. Sheets	400 00
Edward T. Stotesbury and Jas. W. Paul, Jr., Trustees of Carpenter Land and Improvement Company	1,100 00
	<hr/>
	\$10,041 60

The jury assess no benefits.

The jury find the following facts in connection with this street opening:

That on December 20, 1892, an ordinance was passed providing that the Department of Public Works be authorized to revise the lines and grades of plan No. 185, in the Twenty-second Ward. Franklin street, from Germantown avenue to Green street, which includes the limits in the above case, is all upon plan No. 185.

On May 28, 1894, in accordance with the authority thus given, the Board of Surveyors revised the line of Franklin street by widening it five feet on each side, from German-town avenue to Green street. The ordinance authorizing the opening of the street was passed on December 16, 1896, and provided as follows:

“AN ORDINANCE

To authorize the opening of Wolf, Knox, Nash, Franklin, Butler, H. Fifty-seventh, Race, Arch, Fifty-first, Archer, Short, Morris and Twenty-third streets; Glenwood, Erie and Woodbine avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the

Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use, to the full width as now on the City plan, viz: . . . Franklin street, on the southeast side, from Germantown avenue to Emlen street. . . .”

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds the Director of the Department of Public Works shall forthwith proceed to open said streets.”

On January 8, 1897, notices were issued from the Bureau of Highways and served upon all the property owners on the line of the proposed improvement, of which notice the following is a copy:

“Department of Public Works. Bureau of Highways.

NOTICE.

No. 2,195.

Philadelphia, Jan. 8, 1897.

You are hereby notified that at the expiration of three months from the date of this notice Franklin street, southeast side, will, under ordinance approved December 16, 1896, be opened for public use, from Germantown avenue to Emlen street, through and over the ground owned by you.

THOMAS L. HICKS,
Chief, Bureau of Highways.”

That on or about February 4, 1897, a further notice issued to the property owners along the line of the proposed improvement, of which the following is a copy:

“NOTICE TO PROPERTY OWNERS.

In the matter of the immediate opening of Franklin street, southeast side, from Germantown avenue to Emlen street, in the Twenty-second Ward.

Owners of property over and through which Franklin street, southeast side, from Germantown avenue to Emlen street, in the Twenty-second Ward, will pass, are hereby notified that the Court of Quarter Sessions has granted a rule to show cause why the City of Philadelphia should not have leave to file its bond in such sum as the Court may direct, to secure the payment of any damages which may be awarded by reason of the opening of said street, and upon the approval of security by the Court, the City, by its proper officers, to enter upon and immediately open the said street to public use between the points named. The rule is returnable in the Court of Common Pleas No. 2, on Saturday, the 6th day of February, A. D. 1897, at 10 o'clock A. M.

JOHN L. KINSEY,

City Solicitor."

J. LEE PATTON,

FRANCIS L. WAYLAND,

Assistant City Solicitors."

The above notice was founded upon a petition signed and sworn to by the Mayor on behalf of the City, and now on record in the Court, which, after reciting the ordinance of December 16, 1896, above set forth, and that the public exigency required the immediate opening of said street, between said points, asked leave for the City to file a bond in said proceeding and thereupon to enter upon and forthwith open said street, upon which petition, on February 6, 1897, the Court entered the following decree:

"And now, this 6th day of February, 1897, the Court do order and decree that the City of Philadelphia have leave to file a bond in the sum of \$2,000 to secure the damages caused by the opening of the said street, and upon the approval and filing thereof the Director of Public Works is authorized and directed to immediately open said street.

W. W. W."

Said decree is unappealed from and unreversed.

On March 8, 1897, the bond provided by the above decree, was duly approved and filed and now remains of record in the Court.

On September 20, 1897, the property owners were served by the City of Philadelphia with the following notice:

“Department of Public Works. Bureau of Highways.
Office, City Hall, Entrance, Market and Juniper streets.
No. 4,252. Philadelphia, September 20, 1897.

To _____, owner or agent,
within ten days of the date of service of this notice, you will please remove obstruction south side of Franklin street, between Germantown avenue and Emlen street (house) as required by law.

JOHN E. WINSHIP,
Assistant Ninth District.

Shortly thereafter the City advertised for bids to tear down the buildings upon the line of said improvement, and bids were received and scheduled, but no contract was awarded because the appropriation for that kind of work had been exhausted. The result of the action aforesaid was to cause the tenants to vacate the properties above mentioned.

On November 12, 1897, the following ordinance was passed by Councils:

“AN ORDINANCE

To repeal ordinance to authorize the opening of Franklin street, on the southeast side, from Germantown avenue to Emlen street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That so much of the ordinance approved the 16th day of December, 1896, as authorizes the opening of Franklin street, on the southeast side, from Germantown avenue to Emlen street, be, and the same is hereby repealed.”

No actual physical work has been done by the City of Philadelphia along the line of the proposed improvement, and all other proceedings in the matter have ceased, though the street still continues as plotted upon the City plan as of the increased width. The repealing ordinance was passed before the jury had heard all the testimony or reached any conclusion, but a large part of the testimony had in fact been heard, and claimants had been put to considerable expense. Pending the proceedings, and after the ordinance of November 12, 1897, above set forth, the City filed a petition for leave to discontinue. An answer was filed thereto, and after hearing, the petition was dismissed by the Court.

Under these circumstances the jury have considered that it was too late for the City of Philadelphia to discontinue proceedings in regard to the widening of the street which it had originally negotiated, and the assessment of damages above given is therefore the difference between the value of the property before Franklin street was widened on the southeast side to a further width of five feet, and the value of the property considered afterwards as if such widening had actually taken place.

All of which is respectfully submitted.

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Erie avenue, from Second street to Kensington avenue, in the Thirty-third Ward of the City of Philadelphia, respectfully report:

That pursuant to notice the jury met on December 6, 1897, for organization. All the jurors were present at this meeting. That at this meeting the jury organized by electing W. A. Sooy, foreman, and the official plan was produced for the use of said jury. Said plan is filed with this report. The affidavit of service of notice on the registered property owners and tenants is also filed in this proceeding. The following counsel were present representing property owners and tenants along the line of said street: Henry C. Loughlin, Esq., for the Estate of Edward Waln, deceased, Lawrence Schell, Thomas J. and William L. Schell, Rosina Schell and oJoseph L. Siner, tenant; Samuel P. Clevenger, Esq., for Thomas McCullough; Buckley & Sharkey, Esqrs., for Henry Taylor; John Weaver, Esq., for Julia Ann Rodgers; W. W. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

At this meeting, to wit, December 6, 1897, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Erie avenue, from Second street to Kensington avenue, impartially and according to their best judgment. The jury then adjourned to meet on December 7, 1897, for the purpose of making a view of the premises. All of the jurors were present at said view. The jury met for the purpose of hearing testimony on the fol-

lowing days : December 13, 16, 20, 23, 27, 30, 1897 ; January 3, 6, 10, 13, 17, 20, 24, 27, 31; February 3, 7, 10, 14, 18, 21, 24, 28; March 3, 7, 10, 14, 17, 21, 24, 28, 31; April 4, 7, 11, 14, 18, 21, 25, 28, 29; May 2, 5, 6, 1898. For consultation they held nine meetings, as follows: May 24, 25, 26, 27, 28, 31; June 1, 2 and 3, 1898.

The Honorable Court, on December 8, 1897, upon motion of Henry C. Loughlin, Esq., attorney for petitioner, re-appointed the same jury, and they were severally sworn upon their *voir dire*, and examined touching their capacity to serve as jurors in this proceeding. Each juror was found to be competent to serve; due notice of said reappointment having been given to the several claimants or their respective counsel.

Anw now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street was opened and considering as well the advantages and disadvantages to each and every property on the line of said street by the opening thereof and acting on their best judgment, the jury do find that the following property owners are damaged to the amount set opposite their respective names:

APPENDIX No. 79.

COMMISSIONERS FOR THE ERECTION OF THE PUBLIC BUILDINGS.

Philadelphia, June 8, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—On February 1st last, the Honorable Judges Arnold, Wiltbank and Bregy appeared before the Commissioners and urged that during the present year, the Commissioners set aside Room 653 for the purpose of an additional Criminal Court Room, and secure an estimate of the cost of fitting up the same in order that the matter might intelligently be brought to the attention of Coun-

cils with a view of securing, if possible, an appropriation for the prosecution of the work. The Commissioners therefore embraced in the advertisement inviting proposals for the completion of Council Chambers, the item also of completing Room 653, for Criminal Court purposes.

There was but one bid presented, namely, from Mr. Allen B. Rorke for the sum of \$114,900. This proposal embraces alterations in Rooms 653, 657, 659, 753, 757, and 759, also the elevator in the southwest turret of the court yard, preparatory to the additions required to properly fit up and furnish a New Criminal Court Room, cell rooms, etc.

The Honorable Judges above named have been notified that information as to this proposal and the amount thereof has been forwarded to Councils.

Very respectfully,

WM. B. LAND,

Secretary.

APPENDIX No. 80.

COMMISSIONERS FOR THE ERECTION OF THE PUBLIC BUILDINGS.

Philadelphia, June 8, 1898.

To the Select and Common Councils
of the City of Philadelphia

GENTLEMEN :—After careful consideration of the subject matter of the resolution adopted by Councils, February 17, 1898, entitled "Resolution of request to the Public Buildings Commissioners, relative to finishing Council Chambers," the Commissioners arrived at the conclusion that it would be the wisest and most desirable course in trying to secure the information requested by Councils, to regularly advertise for proposals for the completion of Council Chambers and the Finance Committee Room, which they accordingly did as required by proviso in ordi-

nance of appropriation for the present year. Yesterday was the date fixed for receiving and opening proposals. There was but one proposal offered, that of Mr. Allen B. Rorke, stated as follows:

For entire suite of three rooms..... \$162,300

Or separately,

For Common Council Chamber..... 65,200

For Select Council Chamber..... 66,200

For Finance Committee Room..... 30,900

These figures therefore represent a bona fide bid furnished under expectation of probable competition, and the Commissioners feel that they are thus enabled to place in the hands of Councils an accurate amount as relates to the cost of completing the two chambers of Councils, and the Finance Committee Room.

Very respectfully,

WM. B. LAND,

Secretary.

APPENDIX No. 81.

Philadelphia, June 9, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the Department of Public Works to pay for the construction of sewers in Romain and Wood streets,” beg leave to report that the bill for the sewer in Romain street is in front of a narrow strip of ground evidently left for the purpose of preventing the contractor from collecting frontage charges. The bills on Wood street are in front of lots on a very high bluff and cannot be collected for a number of years, although eventually the amount must be paid before permits are issued for the drainage of prop-

erty. As in both cases the contractors for paving the streets have been paid their bills by special ordinances of Councils, your Committee feel that it is but just that the sewer contractors should also be paid. We, therefore, return the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Wm. S. Vare, Jos. H. Brown, Wm. Rowen, W. J. St. Clair, James A. Briggs, J. Emory Byram, W. F. Short, George W. Conrad, R. C. Mecredy, Elmer S. Little, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Chas. B. Barton.

AN ORDINANCE

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to draw, and the City Controller requested to countersign a warrant in favor of Donnelly & Scattergood, in the sum of one hundred and seven (107) dollars and thirty (30) cents, to pay for the construction of a sewer in front of narrow strip of ground on the east side of Romain street southwest of Ruan street, in the Twenty-third Ward; also, a warrant in the sum of seven hundred and seventy-three (773) dollars and ninety-four (94) cents, to pay Thomas C. Cooper for the construction of a sewer in Wood street, between Leverington avenue and Green lane, in the Twenty-first Ward, and shall charge the same to the item for branch sewers in the annual appropriation to the Department of Public Works, Bureau of Surveys: *Provided*, That the bills for said work be first assigned to the City of Philadelphia, and that no permit shall be issued for the drainage of any properties on the line of said streets until the regular frontage charges shall have been paid.

We, therefore, report the annexed ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Wm. S. Vare, Jos. H. Brown, Wm. Rowen, W. J. St. Clair, James A. Briggs, J. Emory Byram, W. F. Short, George W. Conrad, R. C. Mecredy, Elmer S. Little, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Chas. B. Barton.

AN ORDINANCE

To place on the City plan Schiller, Allison, Vogdes, Wanamaker, Hobart, Rosewood, Carlisle, Gerritt, Wilder, Gratz, Garnet, Opal, Norwood, Kershaw and Pennock streets.

Pacific street; Garnet street, of the width of 30 feet, from Sedgley avenue to Somerset street; Opal and Norwood streets, each of the width of 30 feet, from Lehigh avenue to Somerset street; Kershaw street, of the width of 30 feet, from Pennock to Twenty-eighth street; Pennock street, of the width of 12 feet, from Thompson to Kershaw street: *Provided*, That the owners of ground within the lines of said streets, excepting on Pennock street, shall first dedicate the same as public highways or shall file a bond or enter into an agreement satisfactory to the City Solicitor indemnifying the City against all damages that may arise by reason of the placing of said streets on the plan and their subsequent opening: *Provided, however*, That before said Pennock street shall be placed on the plan satisfactory evidence shall be furnished that the street was opened and in public use prior to June 6, 1871.

APPENDIX No. 83.

Philadelphia, June 9, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines of Bainbridge street, between Charles street and Passyunk avenue,” beg leave to report that it is proposed to advance the street line in the block mentioned, so that it will conform substantially to the line as now fixed to the eastward, adding to the lots now fronting on the street about 10 feet. The present additional width of sidewalk is not needed for public use and no objection can be made to the narrowing of the same as proposed. As the ordinance provides that the change shall be made without damage to the City we return it with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Wm. S. Vare, Jos. H. Brown, Wm. Rowen, W. J. St. Clair, James A. Briggs.

J. Emory Byram, W. F. Short, George W. Conrad, R. C. Mecredy, Elmer S. Little, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Chas. B. Barton.

AN ORDINANCE

To revise the lines of Bainbridge street, between Charles street and Passyunk avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise the lines on the south side of Bainbridge street, between Charles street and Passyunk avenue, so as to make the same conform substantially to the present actual lines of the sidewalks on the south side between Fourth and Charles streets: *Provided*, That the owners of property first enter into an agreement satisfactory to the City Solicitor indemnifying the City from any damage by reason of the said change.

APPENDIX No. 84.

Philadelphia, June 9, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to strike from the City plan Sixth street, from Sixty-seventh avenue north to Oak lane,” beg leave to report that as Marshall street is now opened and in use a very short distance west of Sixth street it would make the opening of Sixth street unnecessary, and as the expense of opening and improving the street would exceed any public value no reason exists for its retention. As the street can be stricken from the plan without damage to the City, we return the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch’n*), Wm. S. Vare, Jos. H. Brown, Wm. Rowen, W. J. St. Clair, James A. Briggs,

J. Emory Byram, W. F. Short, George W. Conrad, R. C. Mecredy, Elmer S. Little, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Chas. B. Barton.

AN ORDINANCE

To strike from the City plan Sixth street, from Sixty-seventh avenue north to Oak lane, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to strike from the City plan Sixth street, from Sixty-seventh avenue north to Oak lane, in the Twenty-second Ward: *Provided*, That the owners of property on the line of said streets first file an agreement satisfactory to the City Solicitor, indemnifying the City against all damages by reason of the striking of said street from the plan.

APPENDIX No. 85.

Philadelphia, June 9, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to strike from the City plan the proposed driveway on the northern side of Pennsylvania, between Sixteenth and Seventeenth streets, and to permit William Sellers & Company, Inc., to construct their building thereon, and on the line of the subway wall, and to construct a tunnel through the said wall,” beg leave to report that we have very carefully considered said ordinance, and after a visit to the locality find that the retention of a space of about 15 feet left between the present building line and the subway wall would be considerable expense to the City of Philadelphia for improving and maintenance without

any special public benefit. As provision has been made protecting the City against all damages by reason of the striking of the driveway from the plan, and also for the protection of the subway wall, and as William Sellers & Company are required to relinquish a claim for twenty-five thousand (25,000) dollars damages by reason of the construction of the subway, we report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Wm. S. Vare, Jos. H. Brown, Wm. Rowen, W. J. St. Clair, James A. Briggs, J. Emory Byram, W. F. Short, George W. Conrad, R. C. Mecredy, Elmer S. Little, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Chas. B. Barton.

AN ORDINANCE

To strike from the City plan the proposed driveway on the northern side of Pennsylvania avenue subway, between Sixteenth and Seventeenth streets, and to permit William Sellers & Co., Inc., to construct their building thereon and on the line of the subway wall and to construct a tunnel through the said wall.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Department of Public Works be authorized to strike from the City plan the proposed driveway on the northern side of Pennsylvania avenue subway, between Sixteenth and Seventeenth streets, and to permit William Sellers & Company, Inc., to construct their building thereon and on the line of the subway wall, and to construct a tunnel through the said wall connecting the tracks of the Reading Subway with said property on the northwest: *Provided,* That the said William Sellers & Company, Inc., first enter into an agreement satisfactory to the City Solicitor indemnifying the City of Philadelphia from all damages which may occur by reason of the striking of said driveway from the City plan and the construction of said connection and against any damage to the subway wall by reason of the construction or maintenance of said

building, and shall enter into a further agreement not to claim any damage from the City of Philadelphia by reason of the construction of the Pennsylvania avenue subway, and that the sum of fifty (50) dollars shall first be paid into the City Treasury by said William Sellers & Company, Inc., for the publication of this ordinance.

The said connection shall be made according to a plan approved by the Director of Public Works, and shall not be wider than eight feet and shall be removed by the Schuylkill River East Side Railroad Company, when requested by ordinance of Councils, and that the sum of fifty (50) dollars shall be paid into the City Treasury for the publication of this ordinance.

REPORT OF JURY.

(Filed June 13, 1898.)

To the Honorable, the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Grant street, from Blue Grass road to Philadelphia and Trenton Railroad, in the Thirty-fifth Ward of the City of Philadelphia, respectfully report:

That pursuant to notice the jury met on May 31, 1897, for organization. All of the jurors were present at this meeting. At this meeting the jury organized by electing Franklin Townsend, Esq., foreman, and F. Boland, secretary; the official plan was produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered property owners and tenants is also filed in this proceeding.

The following counsel were present representing property owners and tenants along the line of the said street: Messrs. Smithers & Craig, for Chas. Dudley, John Comly, Emeline Comly and Thomas Foley; William J. Smyth, Esq., for Patrick Gorman; Wendell P. Bowman, Esq., for Patrick

Shields; Lewis Stover, Esq., for Estate of Furman D. Holme, deceased, and for E. O. Langebartel, a tenant; Robert H. Hinckley, Esq., for Estate of Eber Worthington, deceased; Messrs. Bunting and Clevinger for Michael O'Rourke; Wm. H. Peace, Esq., for A. C. B. Stevenson; Messrs. Walton and Andre, for Eleanor S. Forrest, Charles A. Porter and Josephine Whelen; John W. Jennings, Esq., for property belonging to Eden Hall; Joseph T. Bunting, Esq., for Edward Leedom, et al., executors of the Estate of Elizabeth T. Knight, deceased. The following property owners appeared in person: Abraham M. Beitler, Esq., and Lewis O. T. Hall. The following property owners did not appear: Henry V. Massey, Commonwealth Title Insurance and Trust Company, Estate of James Ashton, deceased, and the Philadelphia and Trenton Railroad Company. George E. Fili, Esq., Assistant City Solicitor, appeared in behalf of the City of Philadelphia.

That at this meeting, to wit, May 31, 1897, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding.

Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Grant street, from Blue Grass road to Philadelphia and Trenton Railroad, impartially and according to their best judgment. The jury then adjourned to June 8, 1897, for the purpose of making a view of the premises. All of the jurors were present at said view.

That the jury subsequently met for the purpose of their appointment, to wit, hearing testimony, reviewing, argument of counsel, on the following days: June 9, 11, 16, 23, 25; December 7, 16, 23, 30, 1897; January 6, 11, 13, 18, 20, 25, 27; February 1, 3, 8, 10, 17, 24; March 1, 3, 8, 10, 15, 17, 18, 22, 24, 29, 31; April 5, 7, 8, 12, 18, 20, 22, 25, 27, 29; May 3 and 6, 1898. For consultation they met on May 9, 12, 16, 19, 1898. .

The Honorable Court, on November 13, 1897, upon motion of Smithers & Craig, Esqrs., attorneys for petitioner, reappointed the above jury, the time for the filing of their report having expired. They were again reappointed on March 10, 1898. The said jurors on both occasions were severally sworn upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested and competent to serve; due notice of said reappointment having been given to the several claimants or their respective counsel.

On May 19, 1898, the jury prepared a preliminary report, wherein after awarding damages they assessed benefits against the properties of John Mack and Henry C. Forrest.

The jury met again on June 1, 1898, and listened to testimony against the assessment of benefits: E. O. Michener, Esq., appeared for John Mack and John K. Andre, Esq., for Eleanor S. Forrest. John Mack was also present at this meeting. George E. Fili, Esq., Assistant City Solicitor, represented the City of Philadelphia. The affidavit of the service of ten days' notice was also produced and filed with this report.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened and graded, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following property owners are damaged to the amount set opposite their respective names:

APPENDIX No. 95.

Philadelphia, May 30, 1898.

To the Honorable CHARLES F. WARWICK, Mayor.

Honorable FRANK M. RITER, Director of Public Safety, and the Members of Select and Common Councils of Philadelphia :

GENTLEMEN:—In view of the resolutions which we understand have been introduced, or will be introduced, in Councils, and the action which has been already taken by Messrs. Riter and Eisenhower, to compel our removal from the rooms which we have occupied at Fifth and Chestnut streets, and to correct many of the misrepresentations which have been published in the public press, concerning the letter addressed by the Universal Peace Union to the Queen Regent of Spain and Premier Sagasta, and the maintaining by us of the Spanish flag in our rooms, we beg to state:

That the Universal Peace Union was organized in 1866; that it is a cosmopolitan body; that it has branches in many of the States of the Union, and societies and representatives in nearly every civilized country of the world, including England, France, Belgium, Germany, Italy, Denmark, Switzerland, Sweden and Spain. The society believes that war is a relic of barbarism, and that it is its duty to prevent strife and promote peace, not only in this country, but in every country in the world. It is not and never has been disloyal or unpatriotic; this is true of the individual members of the society, as well as of the society itself; it has exerted no little influence in the past in public affairs which have brought peace and honor to this country, and prosperity and happiness to its citizens; but we will not burden you even with a brief recital of its many successful efforts in this direction during the past thirty-two years of its existence, whereby international relations have been strengthened, commerce extended, justice and human rights secured and peace promoted.

It was in pursuance of this policy and in the effort to promote an honorable peace that the letter of April 21,

1898, was written. In the public press much of that letter has been misconstrued, misapplied or suppressed. We do not admit for a moment that it contains anything that is disloyal or unpatriotic and in order that you may have it placed properly before you we herewith append a correct copy.

The letter suggested to the Queen Regent of Spain and to Premier Sagasta the advisability of adjusting the difficulty with our country without war and made three suggestions as to how this should be done.

First. That a commission should be sent to Spain, having in view,

Second. The purchase of Cuba and the adjustment of the "Maine" matter.

Third. International arbitration.

In that letter we distinctly stated that there was in this country a deep and earnest desire for the freedom of Cuba and urged Spain for the sake of peace, humanity and friendship to listen to terms which involved independence of Cuba. It was natural that we should, in writing a letter of that character (suggesting a course of action which would involve so much sacrifice to the Kingdom of Spain and such personal danger to the Queen and her son, should she advocate it) couch the letter in terms that would be persuasive and kindly. We simply expressed our sympathy for the Queen Regent in her embarrassing position, well knowing that should she accept our suggestion, she would expose herself and her son to rebellion among her subjects and to possible assassination.

We expressed no sympathy for Spain and no possible disloyalty to our own country. On the contrary to avoid any possible misconception or misconstruction of our letter we expressly stated therein that we did not wish to be thought unmindful or unpatriotic to our country.

This letter was not sent to the Queen of Spain "in a roundabout way" nor was it returned to us because "the Government refused to permit it to be transmitted through the mail on the ground that no American citizen should be permitted to use the United States mails for the trans-

mission of such sentiments to the enemy of the country with whom we are now at war," as charged in the papers, but on the contrary it was mailed in due course to the Queen Regent of Spain and Premier Sagasta on the 21st day of April, by way of New York, and was returned to us unopened by the Post-Office Department of the City of New York with the following endorsement stamped upon it "return to sender. Dispatch to Spain and Colonies prohibited on account of war, N. Y. P. O."

The letter was thereupon forwarded to the Honorable John W. Hoyt, Ex-Governor of Wyoming, at Washington, with the request that he would lay the contents before the Department of State and ask whether there were any objections to sending a letter of that character at this time. Ex-Governor Hoyt did submit the letter to one of the officers of the State Department, who replied, that this Government, having begun war could not consistently do anything looking to a cessation until Spain should herself make some move in that direction, and that the State Department could not become an intermediary even to the simple extent of furthering the transmission of a communication of any sort.

Accompanying the reply of Ex-Governor Hoyt, came an intimation that the letter could properly be sent to the International Peace Bureau at Berne, Switzerland, to be forwarded to Spain. The letter was thereupon transmitted to the International Peace Bureau at Berne, Switzerland, with a note from the Universal Peace Union in this city, requesting if it met with the approval of the Bureau it should be forwarded to Premier Sagasta.

Our Society does not know to this day whether the letter has been forwarded, or whether it met with the approval or the disapproval of the International Peace Bureau at Berne.

As to the Spanish flag which was retained in the rooms of the Society at the corner of Fifth and Chestnut streets, we desire to say, that the flag in question was an exceedingly small one about twelve inches in length by eight or ten inches in width. At the time of the Chicago Exposition, the Universal Peace Union made an exhibit, con-

sisting among other things of the flags of all nations of the above size, grouped on the shield of the United States of America, with a border of white around each and every flag as an emblem indicative of peace for and with all the world.

When the exhibition closed the exhibit was removed to the rooms of the Society in this city and there remained as part of the Exhibit of the Peace Museum, until attention was called to the existence of this souvenir of the exhibition. The members of the Universal Peace Union admit that it had not occurred to them to take this flag from the exhibit any more than it would have occurred to them to cut from their encyclopedias and atlases at home the design of the Spanish flag therein contained as a matter of instruction. As a matter of fact the white border, the emblem of peace by which the flag was surrounded, deprived it of its national character, so far as Spain was concerned, or as it might have been regarded as an ensign of war.

We would also mention, as a matter of fact and of public interest, that we had and still have in that room, over the platform an American flag about forty feet in length by twenty-five or thirty feet in width, which we recognize as the beloved emblem of our country, and to which we yield to no one in loyal devotion so far as we can express it without violating our conscience with respect to the use of carnal weapons in waging war.

Respectfully,

ALFRED H. LOVE,

President of the Universal Peace Union.

CHARLES P. HASTINGS,

Secretary.

Independence Hall, 500 Chestnut Street.

Philadelphia, April 21, 1898.

To the Queen Regent of Spain, to Senor Sagasta Premier,
Madrid, Spain.

It is in our hearts to say, as the Universal Peace Union, representing many thousand friends of peace in all parts of the world, and now from the United States, that we have appreciated your several concessions in this Cuban trouble, in behalf of peace, and we want you to hear from the people the real representatives of the American heart, that we believe all that is desired could be obtained by peaceful means.

Our President McKinley, we have reason to believe, has been forced into his present attitude. You know he is the executive of this government. The Peace Union is cosmopolitan; we have we believe still in your Senate one of our Vice Presidents, Arturo de Marcoartu. Years ago we prevented filibustering expeditions against your interests; we have been doing the same now. When Mr. Willcox, our Vice President, visited you years ago, you treated him handsomely, and you expressed your appreciation.

You must know then our sincerity. It is a rule with us not to ask another to do what we would not do ourselves; we say, observe the "Golden Rule." We would do what we now suggest for you to grant.

Is it too late? If there is a lull, if there be a check, if any way be open, we can say in all frankness for your good and for the good of all—that the feeling here is against war, and against the annexation of your possessions.

There is, it is true, a deep and earnest desire for the freedom of Cuba. Now will not Cuba be worth more to you free than as a colony? We think so. If you hold it, it will always be restless, expensive and a source of trouble.

Oh! how you would elevate your nation! What a contribution to this age of intelligence, if you could send a message to America—"for the sake of peace, for the sake

of humanity and your friendship, we will hear terms for the independence of Cuba." This would open the way for three plans the Universal Peace Union is this week suggesting:

1st. A commission to visit you.

2d. Purchase and the Maine matter somehow considered.

3d. International mediation and International arbitration.

Please do not consider a mere Peace Association as presuming, or impertinent or disrespectful. We do not want to be thought unmindful or unpatriotic to our country. We cannot, for we are cosmopolitan. "All the world is our country, and all mankind our countrymen." We are simply making this earnest appeal for humanity, for happiness, for truth, for justice and for God. Our love for all and for peace, makes us as bold as we are sincere.

Our hearts are full of sympathy for you, in your no doubt embarrassed position, but the right will sustain you. Our country would receive you if your people rebel, in your efforts to avail of any opening to still avert war, and meet the demands of humanity, freedom and peace.

APPENDIX No. 96.

Philadelphia, June 2, 1898.

WENCEL HARTMAN, Esq.,

President of Common Council.

DEAR SIR:—The Philadelphia Brigade Association in September, 1896, dedicated an imposing monument of granite, 73 feet in height and costing \$15,000, upon the field at Antietam, where the Old Brigade lost 545 men, in defence of the Union.

In order to secure the proper site for the monument, we were obliged to purchase eleven acres of ground fronting upon the Hagerstown pike, immediately north of the historic Dunker Church, which property, known as the

Philadelphia Brigade Park, has been vested in the hands of four trustees—one from each regiment forming the Brigade.

We feel that the time must come when the custody of the monument and park, should be transferred, either to the City of Philadelphia, the State of Pennsylvania, or the National Government, and as our first thought is in favor of the city, whose name the Brigade bore with high honor throughout its career, we would request, that at the next meeting of City Councils, you do us the honor to bring this matter before the Committee on Soldiers' Monument, in order that we may have a conference with them upon this subject.

Very respectfully yours,

JOHN L. BOWERS,

Commander, Philadelphia Brigade Association.

JOHN REED, 72d P. V.,

JOHN W. FRAZIER, 71st P. V.,

Committee.

APPENDIX No. 97.

OFFICE OF THE CITY TREASURER.

Philadelphia, June 14, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The dangers to which the public funds are subjected, both in the care and the handling thereof, because of the insufficient and unsafe accommodations of the City Treasurer's office have been specifically made known by me to the Mayor of Philadelphia, to the Board of Commissioners of Public Buildings, and to the Subcommittee of the Committee on Finance; and the testimony relating thereto from the officers of various leading banks, from the experts of the Department of Public

Safety, and from the personal examinations of the Mayor, the Controller, the Commissioners of the Sinking Fund, and from representatives of the Commonwealth has been explained, though for reasons of prudence its details have not been published.

It is to be expected that certain alterations in these rooms for which plans are now being prepared by the architect of the Public Buildings will eventually obviate the dangers and insecurity of the rooms themselves. No changes have yet been made.

Councils have not authorized the small additional expenditures immediately and constantly demanded for the proper protection of the public funds, and for certain necessary clerical work, the expense of which has been paid from my own purse. It seems proper to bring the subject formally to the attention of your Honorable Bodies. Should Councils deem it inexpedient to provide the means necessary for the safety of the public funds and the transaction of the public business in the office of the City Treasurer there will be at least the recognition that due diligence has been exercised by me.

Very respectfully,

CLAYTON McMICHAEL,

City Treasurer.

APPENDIX No. 98.

OFFICE OF THE CITY TREASURER.

Philadelphia, June 16, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your attention is respectfully called to the fact that large sums of money are at various times temporarily in the custody of the City Treasurer, for which the Courts have decided that the municipality is responsible, but which are not within the control of Councils for purposes of appropriation, viz:

Monies specified as "Highway Contractors' Accounts," deposited by various contractors under regulations of the Department of Public Works and returnable to said contractors upon conditions specified.

Also sums of money collected from various State licenses and other sources to be subsequently transferred to the State Treasurer in compliance with law.

It is within the power of Councils to very considerably increase the revenue of the City from interest on deposits by authorizing and requesting the City Treasurer to deposit with the City Funds and temporarily include therewith all monies received by him for any public purpose whatsoever the disposition of which is not otherwise specifically provided by law; giving him authority to withdraw from such City Funds, without further action by Councils, amounts not exceeding the sum of such deposits, when the conditions under which such deposits are made have been complied with.

In presenting this matter to Councils, for their examination and such action as they may deem proper, it is my desire not only to indicate a source of additional revenue for the City, but also to call attention to the unwise and unbusinesslike conditions heretofore and at present existing which permit large sums of money to be freed from those restrictions concerning deposit and custody, which have been imposed upon all receipts of the City Treasurer which are subject to appropriation by Councils.

I have the honor to recommend to your Honorable Bodies the immediate enactment by ordinance or by joint resolution of the following legislation :

"Where money, the disposition of which is not otherwise specifically provided for by law shall be received for any public purpose whatsoever by any Department of the Municipal Government of Philadelphia such money shall be immediately transferred to the City Treasurer with a statement of the manner and the conditions under which it has been received. The City Treasurer is hereby authorized and requested to deposit with the City Funds as already provided for monies received as revenues of the

City of Philadelphia, all other monies herein already described, and where the disposition of such sums is not otherwise specifically provided by law, the City Treasurer is hereby authorized without further action by Councils to withdraw said monies in amounts not exceeding the sums deposited, when the conditions under which the money came into his custody shall make it expedient or necessary to do so. Provided that nothing herein contained shall be construed as affecting moneys of the Commissioners of the Sinking Fund, of the Girard Trust, of other Minor Trusts, or any other receipts by the City Treasurer specifically provided for by law."

Very respectfully,

CLAYTON McMICHAEL,
City Treasurer.

Philadelphia, June 16, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN — We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Gray's Ferry avenue, Levering and Sixty-first streets, beg leave to report that the object of opening Gray's Ferry avenue is fully explained by the annexed letter from the City Solicitor. In the cases of Levering and Sixty-first streets, the owners of property have already indemnified the City against damage. We, therefore, report the annexed ordinance with a favorable recommendation.

Wm. F. Dixon (*Ch'n*), John W. Davidson, Edw. W. Patton, Wm. McCoach, Watson D. Upperman, Samuel Lamond, Wm. R. Knight, Jr., F. I. Mitchell, Richard T. Irwin, J. H. B. Amick, John J. Orr, John P. Buckley, Thos. J. Morton, Jos. M. Adams, E. Buchholz.

LAW DEPARTMENT.

Philadelphia, May 26, 1898.

WILLIAM F. DIXON, Esq.,

Chairman, Highway Committee of Councils.

DEAR SIR:—Chief Engineer Webster has just written me a letter respecting an ordinance to open Gray's Ferry avenue to an increased width, in order to secure an outlet for the Gray's Ferry Abattoir Company, so as to avoid payment by the City of an excessive claim for damages. He tells me the confirmation of the street to this increased width cannot be made by the Board of Surveyors until the middle of June, but suggests that an ordinance be introduced in Councils, pending the action of the Board of Surveyors. I accordingly enclose you herewith a draft of an ordinance which both Chief Webster and this Department think advisable under the circumstances, and suggest that you take whatever preliminary steps can be taken, so that the ordinance may be passed as speedily as possible after confirmation. The object in doing this thus expeditiously is to lessen any possible claim which the Abattoir Company may have against the City, arising from the fact that their outlet at present is blocked up by the abutment of the bridge which has already been constructed. The more speedily they secure an outlet the less, of course, will be their possible claim. If your Committee desire any further statements on the subject, respecting the advisability of the passage of this ordinance, I shall be glad to make them personally.

I may say, however, that the Abattoir Company have claimed as damages by reason of their outlet being cut off, the sum of \$300,000, while it is estimated that the damages to the Philadelphia Traction Company, by reason of the proposed widening of the street, cannot be higher than \$10,000, and the proposed widening, if effected, will reduce the claim of the Abattoir Company to a very small amount.

Very truly yours,

JOHN L. KINSEY,
*City Solicitor*Per CHESTER N. FARR, JR.,
Ass't City Solicitor.
M.

AN ORDINANCE

Levering street, from Mitchell street to Ridge avenue and Sixty-first street, from Market to Arch street.

GENTLEMEN — We, your Committee on Highways, to whom was referred the ordinance to amend ordinance approved March 24, 1898, relative to the paving of Eighteenth street, from Venango street to Erie avenue, and Page street, from Fifteenth to Sixteenth street, beg leave to report that Eighteenth street is designed as a residence street, and therefore a sheet asphaltum pavement is more

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled “An Ordinance to make an appropriation to pay for sewers and drains on Grant street,” respectfully report that they have considered said ordinance, and for reasons set forth in the annexed report from the Director of the Department of Public Works, report said ordinance to Councils with a favorable recommendation.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, June 22, 1898.

WILLIAM H. BAKER, ESQ.,
Secretary, Committee on Finance.

DEAR SIR:—Yours of the 7th inst., enclosing draft of ordinance entitled “An ordinance to make an appropriation to pay for sewers and drains on Grant street,” and requesting a report on same, received.

In reply would state that when the Department advertised for this work, March 31, 1897, the shedule inviting proposals for grading, among other streets named Grant street, from Academy road to New York Division of the Penna. R. R., with the following clause printed underneath:

"In submitting proposals for this street, the contractor will include in his bill such price per cubic yard for grading of the cartway as will be sufficient to cover and include the construction of two (2) temporary bridges, which will cost, complete \$2,000."

On the face of the schedule, there was nothing said of sewers and drains;—only the bridges were mentioned.

Mr. Thomas L. Hicks, then Chief of Bureau of Highways, had slips printed, conveying this information, which were pasted on the backs of the schedules.

Mr. O'Rourke, in submitting his bid, states he never saw this slip and when the bid was made out and submitted, did not know that these drains were to be put in. This statement, I believe to be true. Furthermore, the next bidder to Mr. O'Rourke, who was 20 cents a cubic yard higher, stated, that in submitting his bid, he did not include the sewers and drains at his price.

This work was urgent and we requested Mr. O'Rourke to proceed with it, which he did, first submitting a letter to this office, stating that the work, including the drains, could be done at his price, 39 cents per cubic yard, and that, if he did the grading and put in the drains, it would be necessary to look to the City for payment after the work was completed.

I believe the claim of Mr. O'Rourke to be a just one and the prices charged are not exorbitant, but in accordance with the regular prices for this class of work.

Enclosed please find copy of report from the Chief of Bureau of Highways upon the subject, also copy of the specifications under which proposals for the work were received.

The prices received for this work ran from 39 cents—Mr. O'Rourke's bid—to \$1.13 per cubic yard.

Herewith find returned, draft of ordinance, together with the Surveor's estimate and bill.

Yours respectfully,

THOMAS M. THOMPSON,
Director.

BUREAU OF HIGHWAYS.

Philadelphia, June 20, 1898.

Subject: Grading Grant avenue, between Academy road and N. Y. Div. P. R. R.

THOMAS M. THOMPSON, Esq.,
Director Department of Public Works.

DEAR SIR:—In the matter of Ordinance introduced in Councils to make an appropriation to pay for sewers and drains constructed by Mr. M. O'Rourke in connection with the grading of Grant street between Academy road and the New York Division of the Penna. R. R. would say that I am advised that the specifications as originally prepared in this Bureau called for the grading of the cartway of Grant street from the Academy to the New York Div. of the P. R. R. with a note which reads as follows: "In submitting proposals for this street the contractor will include in his bid such price per cubic yard for the grading of the cartway as will be sufficient to cover and include the construction of the two temporary bridges which will cost, complete \$2,000."

These specifications state in Section 8 that box, brick, or stone drains required for surface drainage shall be constructed, and any existing box, brick or stone drain or sewers which may require it, shall be extended, but no mention is made therein of the construction of new sewers, etc., for which payment is asked in the Ordinance above referred to.

After the specifications had been printed and were received at this office, some 12 or 14 were given to various contractors whose names and addresses were taken. A couple of days afterwards instructions were issued to have a special notice printed advising intending bidders that the price per cubic yard for the grading of Grant street must include the construction of the necessary sewers, drains, and bridges, and re-macadamizing and all other work incident to the grading.

Among those who received some of the first specifications which we had was Mr. O'Rourke, but notice was sent to all the contractors who had received such specifications to return them, which I am not certain had been done, but the notices above referred to were printed and were pasted on the back of the specifications, being printed in large type.

Mr. O'Rourke's statement that it has not been customary for the construction of such work to be included at the price per cubic yard bid for the grading of a street, is correct. Such work as this was formerly bid for and constructed under the supervision of the Bureau of Surveys. It is apparent on the face of it, from Mr. O'Rourke's bid, that he could not have been aware of the large amount of sewer work which was to be constructed, but that he was aware that it was necessary that it should be done is evident from his letter of April 23, 1897. I believe Mr. O'Rourke's statement that he was not aware that these sewers would have to be constructed at the time he bid, is correct, and I take it that it would be for Councils to pass upon the questions as to whether he should be paid for this extra work or not.

He has completed the work in a satisfactory manner and has been paid for the amount of grading done at the price per cubic yard bid, which grading included the construction of the two bridges referred to and which are noted on the proposal form.

In this connection I would state that had it been the intention originally to include the construction of these sewers in the price per cubic yard for the grading, it would have and should have been noted on the form of proposal.

the same as the construction of the two bridges noted, but it being afterwards determined to include the construction of the sewers, the separate slip was printed and attached to the specifications, but not noted on the proposal form as above stated.

Attached hereto please find copies of the proposal and specification.

Yours truly,

(Signed) WM. H. BROOKS,
Chief, Bureau of Highways.

REPORT OF THE JURY.

(Filed, June 29, 1898.)

To the Honorable the Judges of said Court:

The undersigned Jurors appointed by your Honorable Court to award damages and assess benefits sustained by the owners of property, by reason of the opening of Mervine street, from Tioga street to Venango street, in the

Thirty-third Ward of the City of Philadelphia, respectfully report:

The Jury met on Thursday, April 7, 1898, at 3 o'clock P. M., in Road Room, No. 581, City Hall, in the City of Philadelphia, viz.: George G. Pierie, Ezra Lukens, W. F. Anderson, S. Bonaffon, W. H. Milligan, and Michael Sammon, and organized by the election of George G. Pierie as foreman, and Ezra Lukens as secretary. At this meeting proof of service of notice on owners and tenants along the line of said street was produced and is attached hereto. There were present: Thomas D. Finletter and Marcel A. Viti, Esqrs., representing petitioners, Peter Lohr; William T. Aldrich, Esq., for Jacob Abrams; Ormond Rambo, Esq., for Henry P. Schneider and Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia. All the jurors were duly sworn or affirmed on their *voir dire* by one of their number, and on examination by Norris S. Barratt, Esq., Assistant City Solicitor, touching their capacity to act as Road Jurors in this proceeding, were found to be competent to act as such Jurors and there being no objection by counsel for petitioners, they all were duly sworn or affirmed to perform their duties as Road Jurors in the matter of opening said street between the points named. A plan of Mervine street and the properties in the immediate neighborhood was produced by the Assistant City Solicitor, and given to the Jury for their use, and is attached hereto.

On April 21, 1898, the jury met pursuant to adjournment and proceeded to Mervine street and Tioga street to view the property. They were accompanied by the Assistant City Solicitor and Counsel for the parties in interest. They had with them the plan of Mervine street and the neighboring premises, and made a careful view of the same.

The Jury held twenty meetings, as follows: April 7, 21, 22, 25, 27, 28, 29; May 5, 12, 13, 17, 20, 23; June 1, 8, 10, 14, 16, 20, 22, 1898. They were attended by Norris S. Barratt, Esq., Assistant City Solicitor; also by Thomas D. Finletter and Marcel A. Viti, Esqs., for Peter Lohr; William T. Aldrich, Esq., for Jacob Abrams; Ormond Rambo and W. P. Rambo, Esqs., for Henry P. Schneider. Lemuel A. White and Henry P. Schneider

also appeared in person. Also a number of witnesses on behalf of claimants and property owners, as well as witnesses on behalf of the City.

That the said witnesses were duly examined on oath or affirmed, and the evidence heard by the jury.

The jury report to your Honorable Court that after hearing all the witnesses produced before them and viewing and reviewing the property affected, and taking into consideration the evidence, and advantages as well as the disadvantages which will accrue to the owners of property affected by said opening, and having considered the grade at which said street will be opened, they are of opinion that by the opening of Mervine street Jacob Abrams is the only owner who has been damaged to the extent of one hundred and fifty (150) dollars, for which amount the jury hereby awards him damages.

The jury have fully considered the claims of Peter Lohr, Peter Lohr, Jr., and William Musselman, owners, for loss of land and alleged injury to their properties by reason of the opening of Mervine street, but as the jury find the properties more valuable after the opening than before, they have awarded no damages. The claim of John Underkolfer, tenant, is disallowed.

The jury fully considered the question of benefits to adjacent properties on the line of the opening, and finding no benefit other than a general benefit to the entire community, they are therefore of opinion that the total damage should be paid by the City of Philadelphia.

The jury hereby certify that they attended meetings, as follows:

George G. Pierie	20	meetings.
Ezra Lukens	20	"
Wm. F. Anderson	20	"
S. Bonaffon	20	"
Michael Sammon	20	"
W. H. Milligan	19	"

In the matter of the opening of Park avenue, from Susquehanna avenue to Dauphin street, in the Thirty-seventh Ward of the City of Philadelphia.

REPORT OF THE JURY.

(Filed, June 29, 1898.)

To the Honorable the Judges of said Court:

The jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Park avenue, from Susquehanna avenue to Dauphin street, in

the Thirty-seventh Ward of the City of Philadelphia, respectfully report:

That pursuant to said notice the jury met for organization on the 25th day of March, 1898, in the Road Jury Room, No. 577, City Hall. All of said jury were present, with the exception of Samuel B. Kelly and William Dreher. The following counsel were present: Joseph F. Lamorelle, Esq., for the estate of Edward T. Steele, dec'd; Charles E. Lex, Esq., for Conrad Goess; Edward Hipple, Esq., appeared in behalf of Wilfred H. Hipple and David Lavis, Esq., Assistant City Solicitor, appeared for the City of Philadelphia.

That at the said meetings the jurors who were present were sworn or affirmed on their *voir dire* and examined touching their capacity to serve as Road Jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve; they were then sworn or affirmed to perform their duties as jurors in the matter of the opening of Park avenue, from Susquehanna avenue to Dauphin street, by one of their number, impartially and according to the best of their judgment.

That at said meeting the jury organized and elected Thomas M. Locke, foreman, and William H. Merchant, secretary. The affidavit of service of notice on the jurors and registered property owners along the line of the said street was offered in evidence. The official plan of the City of Philadelphia was also offered in evidence at said meeting and used by the jury continuously throughout their deliberations.

That at the meeting held on April 18, 1898, the Court having appointed John Taylor to act as juror in the place and stead of William Dreher, who was unable to serve on account of ill health and Samuel L. Kelley not having been qualified and sworn, the said John Taylor and Samuel L. Kelly were examined touching their competency to serve as jurors and being found to be qualified in all respects to serve, were sworn to perform their duties as such jurors.

That the jury met at various times subsequently to said meeting to wit: March 31, April 4, 11, 18, 26, May 3, 10, 17, 18, 20, 21, 23, 1898.

The jury, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades of said street, and considering as well the advantages and disadvantages to each and every property on the line of the said Park avenue, from Susquehanna avenue to Dauphin street aforesaid, and the grades at which the said Park avenue was opened, and acting on their best judgment, they found that the estate of Edward T. Steel, deceased, was damaged in the sum of seven thousand (7,000) dollars.

The jury also considered the subject of benefits arising by reason of this proceeding, and determined that all of the said sum of seven thousand (7,000) dollars, should be assessed equitably against all properties which were benefited along the line of said proceeding.

That in accordance with the rules of Court, ten days' notice was given to the property owners to appear and show cause, if any they had, why the assessments of benefits according to the below noted schedule of damages and benefits should not be assessed against their property. Accordingly the jury met on the 7th day of June, 1898, at 3 o'clock, P. M., in Room 577, City Hall, and heard the arguments of counsel bearing upon the subject of the assessment of benefits against the properties belonging to the parties represented by said counsel. The jury also considered the Ordinance approved December 20, 1895 (Ord. p. 293) which provides, *inter alia*, as follows: "*Provided*, That Wilfred H. Hipple shall dedicate the portion of the street as revised and owned by him and shall be released in consideration thereof, from all assessment of benefits," and determined that the benefits to be assessed in this proceeding should be assessed as well against the premises of the said Wilfred H. Hipple as the premises belonging to other owners abutting on Park avenue, between the points named.

The jury met on the following day, to wit., June 8, 1898, at 10 o'clock, A. M., and after maturely considering all the evidence and arguments of counsel submitted to them, do find that the properties affected by the opening of Park avenue, between Susquehanna avenue and Dau-

phin street, have been damaged and benefited according to the following schedule:

The jury award as damages to the estate of Edward T. Steele, dec'd., owner of lot of ground 73 feet on Susquehanna avenue, partly covered by the bed of Park avenue, the sum of \$7,000 00

The jury assessed all of the said sum of \$7,000.00 as benefits against the below noted properties, as follows:

Against the lot of ground owned by Wilfred H. Hipple, being about 368 feet front on the east side of Park avenue, and irregular in depth, the sum of \$3,100 00

Against the lot of ground owned by estate of Edward T. Steel, dec'd, being 72 feet front on Park avenue by 96 feet in depth, and situate on the west side of Park avenue at the distance of 152 feet northward from the north side of Susquehanna avenue, the sum of. 1,200 00

Against the lot of ground owned by the estate of Thomas E. Baird, dec'd, situate on the west side of Park avenue, at the distance of 260 feet northward from the north side of Susquehanna avenue, being 72 feet front on the west side of Park avenue by 96 feet in depth, the sum of 1,200 00

Against the lot of ground owned by the said estate of Thomas E. Baird, on the west side of Park avenue, situate at the distance of 224 feet northward from the north line of Susquehanna avenue, being 36 feet front on Park avenue by 96 feet in depth, the sum of.... 600 00

Against the lot of ground owned by
the said estate of Thomas E.
Baird, dec'd, situate on the west
side of Park avenue at the distance
of 98 feet northward from the
north side of Susquehanna avenue,
being 18 feet front on Park ave-
nue, by 96 feet in depth, the sum
of \$300 00

Against the lot of ground owned by
the estate of Conrad Goess, dec'd,
situate on the west side of Park av-
enue, at the distance of 116 feet
northward from the north side of
Susquehanna avenue, being 36
feet front on Park avenue by 96
feet in depth, the sum of 600 00

The jury is therefore of the opinion that the total sum
of damages should be assessed as benefits against the prop-
erties abutting on the line of the said street between the
points above mentioned.

All of which is respectfully submitted.

M. R. McFarland,
James Work,

John Taylor,
W. H. Merchant,

APPENDIX No. 138.

Philadelphia, June 29, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bills to authorize the opening of

Orkney, Ellet and Pleasant streets and Crease lane, beg leave to report that careful consideration was given these ordinances, and wherever possible agreements from the owners of property were secured limiting the amount of damage to be claimed. From the best information obtainable by your Committee, it is believed that the opening of Orkney street will not cost in excess of seven thousand five hundred (7,500) dollars. Two brick houses are taken down on this street which now block the entrance. The sanitary condition of the street is very bad and no improvement can be made until the dead end is opened. The opening of this street is very badly needed.

One-half the bed of Ellet street has been dedicated to the City the full distance mentioned. The balance of the street is owned by an estate, who state they will claim four thousand (\$4,000) dollars damages. In the opinion of the Committee the opening of the street would be a decided benefit to the property, and as the opening will be followed immediately by the construction of a number of very fine dwellings, we think the street should be opened.

One-half the bed of Pleasant street has been dedicated and in use for a number of years. A number of houses are built on the side of the street now opened, but no municipal improvements can be placed in the street until the balance is formally opened. The owner of the greater portion of the street has agreed not to claim damage by reason of the opening, so that the damages should be very small.

In the case of Crease lane, an agreement will be filed by the owners of property indemnifying the City against damages in excess of six thousand two hundred and fifty (6,250) dollars. The opening of the street will be immediately followed by a very fine class of improvements. We, therefore, think the street should be opened.

In view of the above facts we report the annexed ordinance with a favorable recommendation.

Wm. F. Dixon (*Ch'n*), J. H. B. Amick, John J. Orr, Joseph A. Eslen, Wm. R. Knight, Jr., John A. Buckley, P. E. Costello, H. W. Sherlock, Watson D. Upperman, E. Buchholz, Wm. S. Vare, Jos. H. Brown, Edw. W. Patton, Jos. M. Adams.

AN ORDINANCE

To authorize the opening of Orkney, Ellet and Pleasant streets and Crease lane.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use, viz.: Orkney street, from Dauphin street to a point about 70 feet northward; Ellet street, from McCallum to Sherman street; Pleasant street, from Germantown avenue to Musgrave street, and Crease lane, from Ridge avenue to Shawmont avenue: *Provided*, That before said Crease lane shall be opened, an agreement satisfactory to the City Solicitor shall be filed indemnifying the City against all damages in excess of the sum of six thousand two hundred and fifty (6,250) dollars.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bond the Director of the Department of Public Works shall forthwith proceed to open said streets.

Wm. F. Dixon (*Ch'n*), J. H. B. Amick, John J. Orr, Joseph A. Eslen, Wm. R. Knight, Jr., John A. Buckley, E. Buchholz, Wm. S. Vare, Jos. H. Brown, Edw. W. Patton, P. E. Costello, H. W. Sherlock, Watson D. Upperman, Jos. M. Adams.

AN ORDINANCE

To amend ordinance, approved December 15, 1897, to authorize the erection of wooden steps on Mechanic and Church streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved December 15, 1897, entitled "An Ordinance to authorize the erection of wooden steps on Mechanic street, from Boone to Terrace street, and on Church street at Wood street, be altered and amended by striking out the words and figures "seven hundred (700) dollars," and inserting the words and figures "fourteen hundred and fifty (1450) dollars," so that the cost of said steps shall not exceed the said sum.

The said Philadelphia and Reading Railway Company shall indemnify the City from any and all damages to private property, if any, in consequence of the said extension, and pay the sum of fifty (50) dollars to the City Treasurer for the publication of this ordinance.

APPENDIX No. 141.

Philadelphia, June 29, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to

strike from the City plan Walnut lane, from Main street to the Schuylkill river," beg leave to report that the only reason for the plotting of Walnut lane was to provide a drainage street. As the opening of the street would entail heavy damages upon the City and as the ordinance provides for the maintenance of the present sewer, we return it with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), C. E. Connell, A. R. H. Morrow, Jacob J. Seeds, Josiah Linton, H. W. Sherlock, W. S. Vare, Wm. Rowen, James A. Briggs, J. Emory Byram, W. J. St. Clair, Geo. B. Edwards, Hugh Black.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the ordinances to revise the grades of Malvern avenue, between Sixty-third and Sixty-fourth

streets; Sherman street, from Frank to Philellena street, and Philellena street, from Greene to Arbutus street, beg leave to report that a large home for the blind has recently been erected on the north side of Malvern avenue, and it is desirable to put the summit of the street opposite the middle of the building. The grades at the intersection of Sherman and Philellena streets upon the present confirmed plan show a difference in level between the two sides of Sherman street of 15 inches, and the object of the proposed revision was to so regulate the grades as to make a more level cross section. There are no improvements in either of the streets. As the changes in both instances can be made without damage to the City we report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), C. E. Connell, A. R. H. Morrow, Jacob J. Seeds, Josiah Linton, H. W. Sherlock, W. S. Vare, Wm. Rowen, James A. Briggs, J. Emory Byram, W. J. St. Clair, Geo. B. Edwards, Hugh Black.

REPORT OF JURY.

(Filed July 6, 1898.)

To the Honorable the Judges of said Court:

The undersigned viewers, appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of “D” street, from Allegheny avenue to Luzerne street, in the Thirty-third Ward of the City of Philadelphia, respectfully report:

That after due notice the jurors met on March 18, 1898, at 3 o'clock P. M., for organization. All of the jurors were present at this meeting. Robert D. Coxe was elected foreman, and Louis S. Dietz, secretary. The petition was read to the jury and the official plan offered in evidence for the use of said jury. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced and is now of record.

That at this meeting, to wit, March 18, 1898, the jury were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of "D" street, from Allegheny avenue to Luzerne street, impartially and according to their best judgment.

That at this meeting, to wit, March 18, 1898, the following counsel were present representing property owners and tenants along the line of the said street: William H. Addicks, Esq., for the petitioner, John M. Kennedy, Jr., John McGill, Charles T. Maguire, Bridget Daly, Henry McGrogan, Lawrence McGrogan, John F. Manning, and Silas L. Schumo; Alexander Simpson, Esq., for Thomas M. Longcope; Thomas Leaming, Esq., for Paul Kohberger; David W. Sellers, Esq., for The Connecting Railroad Company, and Thomas M. Longcope, Esq., for Samuel Horner, Jr. The following named property owners did not appear, nor were they represented by counsel: G. Guckan, William J. Kennedy, Elizabeth A. Kennedy, Jeremiah Twohig and Michael Donohue. No claims were made on their behalf. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

The jury then adjourned to meet on March 25, 1898, and for a view on April 1, 1898. All of the jurors were present at said view. The jury afterwards met for the purpose of hearing testimony, re-

viewing, argument of counsel and for consultation on the following days: April 13, 20, 27; May 2, 4, 9, 11, 16, 18, 23, 25, 31; June 1, 6, 7, 11, 13, 14, 15, 16, 17, 22, 27 and 28, 1898.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their respective names :

Thomas M. Longcope	\$600 00
Silas L. Schumo	193 40
James F. Manning	1,000 00
Lawrence McGrogan	50 00
Henry McGrogan	170 00
Bridget Daily	Not damaged.
Charles T. Maguire	Not damaged.
John M. Kennedy, Jr., (west side "D" street, corner Ontario—Mc- Gill lot)	400 00
John M. Kennedy, Jr., (northeast corner "D" and Ontario streets). ..	1,000 00
John M. Kennedy, Jr., (southwest corner "D" and Tioga streets) Connect. Ry.	500 00
Paul Kohberger	700 00

The jury further find that no property in the vicinity is specially benefited by the opening of the said street, and that therefore the whole amount of the awards as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

Augustus S. Roberts,
Chas. C. Wartman,
Louis S. Deitz,

George S. Thomas,

OFFICE OF THE MAYOR.

Philadelphia, September 15, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration a copy of a resolution adopted at a meeting of citizens held at the Mayor's Office on August 29, 1898, to consider the matter of holding a "Peace Jubilee" in the City of Philadelphia.

The war with Spain having come to a successful conclusion it is eminently proper that a City so loyal as Philadelphia should in some fitting way give public expression of thankfulness for the great victory that our nation has achieved in the cause of humanity and civilization.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

RESOLUTION

WHEREAS, The United States having waged a war for humanity's sake which was unique in its motive, unique in its continued series of victories; unique in its disastrous results to the enemy.

AND WHEREAS, The City of Philadelphia (by the memories of the Continental Congress which declared the Independence of the United States within the Sacred and Historic State House, which still stands as a silent reminder of our first great victory, and by the memories of the old Liberty Bell, which proclaimed freedom to all the land, and yet is even now with us to witness the joyful acclaims of Peace as the fruit of our present glorious conquest) should take foremost rank among all the cities of the United States in fitly celebrating in a manner commensu-

rate with her dignity, and upon such a scale as to perpetuate for generations to come in the minds of our successors, the story of the freedom bestowed upon the persecuted inhabitants of populous territories in both the Orient and Occident and the complete humiliation and defeat of their oppressors, that Nation which for centuries back has by its cruelties and iniquities stayed the hand of progress wherever its influence was felt. Therefore, be it

Resolved, That his Honor, the Mayor of the City of Philadelphia, be requested to appoint a Committee of Citizens to be called the "Peace Jubilee Committee," which shall inaugurate and carry out such plans as will best serve to make the celebration as nearly National in its character as possible; and be it further

Resolved, That his Honor, the Mayor, and the Honorable Councils of the City of Philadelphia be requested to co-operate with and aid in the work of the said "Peace Jubilee Committee."

APPENDIX No. 163.

RESOLUTION

To appoint a Joint Special Committee of twelve members from each Chamber, to act in conjunction with a Committee of Citizens appointed by the Mayor to make arrangements for a Peace Jubilee.

WHEREAS, The Mayor of the City of Philadelphia has appointed a Citizens Committee, consisting of one hundred of our prominent citizens, to make arrangements for a Peace Jubilee.

AND WHEREAS, The Mayor in his message to Councils presented this day, asks the co-operation of these Councils in this matter; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee consisting of twelve members from each Chamber, be appointed for the purpose of assisting and co-operating with the Citizens Committee, appointed by the Mayor, for the purpose of making proper and necessary arrangements for a Peace Jubilee.

APPENDIX No. 164.

OFFICE OF THE MAYOR.

Philadelphia, September 15, 1898.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to return herewith an ordinance entitled “An Ordinance to make additional appropriations to the annual appropriations to the Department of Public Works (Bureaus of Highways, Surveys and Water), Department of Public Safety (Bureaus of Health and City Property), Mayor, Board of Public Education and Department of Charities and Correction (Bureau of Charities), for the year 1898.”

This bill was presented to me for my approval or disapproval, and on July 21, 1898, was approved by me excepting as to certain provisions making appropriations as follows:

“To Item 42 (Bureau of Highways), to repair as a country road by stoning 16 feet in width in the middle thereof of Tinicum road, from Island road to the County line, eight thousand (\$8,000) dollars: *Provided*, That the property owners shall not be released from the cost of paving when the same is directed to be done by ordinance.”

“To Item 16 (Bureau of Surveys), for branch sewers, fifty thousand (\$50,000) dollars.”

“To new Item 10½ (Mayor), to the Board of Trustees for the promotion and maintenance of a Free Library, for the purchase of books, seven thousand five hundred (\$7,500) dollars.”

These provisions did not receive my approval for the reason that there was not sufficient money in the City Treasury at the time this bill was presented to me to meet the appropriations made to these items.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

APPENDIX No. 174.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, August 1, 1898.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In compliance with the requirements of the Act of Assembly, approved June 1, 1879, I have the honor to herewith submit the Annual Statement, in detail, of the estimated receipts, expenditures, assets and liabilities of the City for the fiscal year commencing January 1, 1899, and for the five months of the current year from August 1 to December 31, 1898.

This includes also the customary calculations of the tax rates in accordance with the provisions of the first section of said Act.

LAWFUL OBLIGATIONS AND OTHER EXPENDITURES.

The estimated expenses of the City for the year 1899 amount in the aggregate to \$31,410,937.58. Of this sum \$4,934,288.71 is to meet the lawful obligations and which as in former years has been deducted from the total found available for appropriation to the Departments. The balance of the above, \$26,476,648.87, represents the amounts asked for by the various Departments in their estimates as collated by this Department and forwarded your Honorable Bodies for consideration.

CITY'S PROPORTION OF STATE MONEY.

The balance of the School and Personal Tax moneys due by the State in 1897, a proportion of which was credited as an offset by resolution of Councils, January 22, 1898, has been received and we now await the usual remittances of the City's proportion due for the current year.

The amount of the Personal Property Tax due for 1898 slightly exceeds that of 1897, while under the new basis of apportionment of the School moneys for 1898, as provided for in the Act of July 15, 1897, the City is de-

prived of an amount equalling \$200,000. The State appropriation to the City for 1897 was \$1,089,934.16, that for the current year awaiting settlement is estimated at \$850,000 only; both amounts being carried as prospective receipts prior to December 31st next.

The indirect method of compelling the City Treasurer to remit the entire amount of the Personal Property Tax, before receiving the three-fourths proportion due, should be revised by an amendment to the Act of June 8, 1891, giving authority to the City Treasurer to simply remit the one-fourth due the State, retaining as a matter of course, the proportion belonging of right to the City.

CITY DEPOSITORY IN LIQUIDATION.

The balance of the City's account in the Chestnut Street National Bank, stands at \$143,000, and has been deducted in this report from the balance of cash carried by this Department against the City Treasurer, August 1st, to agree with the Treasurer's balance reported on that date which is less the amount in question.

Inasmuch as this sum is not deemed by the Treasurer a part of the balance for which he is responsible, the failure occurring under a former administration and is therefore omitted from his daily reports to this Department, I would respectfully recommend to your Honorable Bodies the framing of an ordinance similar to that of September 16, 1895, authorizing this Department to withdraw from the bank accounts the balance carried on the books of this office against the Chestnut Street National Bank, that the same may be charged off to "Suspense Account." Credit can then be given this account for the dividends, amounting to 40 per cent., that have been received through the Law Department since the failure of the bank.

THE FUNDED DEBT.

In the statement of the Funded Debt submitted on fifth page of this report there is shown an increase on August 1st, over that of January 1st last, of \$318,000. The items accounting for this increase are the issue of three additional series of Subway Loan \$900,000, Refunding Loan of \$220,000, and amount returned by the Farmers' &

Mechanics' National Bank of unclaimed matured Loans to the Sinking Fund of \$600, from the total of which there should be deducted loans redeemed, \$801,800.

The net Funded Debt of the City, in accordance with the decision of the Supreme Court, quoted on same page, amounts to \$38,248,220.22.

MANDAMUSES.

The amount reserved on January 1st, of \$1,000,000, to meet the payments of writs by mandamus for 1898 has been exceeded to August 1st by \$196,369.91, the extraordinary sum of \$491,802.82, having been paid alone for property taken for public park purposes.

In view of the original amount having been more than exhausted, I have deemed it advisable to set aside the sum of \$304,000, making in all a trifle over \$1,500,000 for the year. This I regard as a sufficient provision, under existing conditions, for the remaining five months.

Those paid since January 1, 1898, are as follows :

Opening and widening streets.....	\$294,457 46
Changes of grade.....	162,332 78
Condemnation of property for Fairmount Park.....	126,197 54
" " " " League Island Park.....	277,025 06
" " " " other parks.....	88,580 22
" " " " Queen Lane Reservoir.....	7,706 80
" " " " school purposes.....	20,024 75
Construction of sewers.....	70,578 65
Moneys deposited as security for street cleaning contracts in Chestnut Street National Bank.....	68,412 72
Court stenographers' fees.....	23,678 36
Material and stationery furnished Common Pleas Courts...	3,542 83
Advertising applicants for liquor license by Clerk of Quar- ter Sessions.....	2,024 55
Personal injuries, overseers' fees, road jurors' fees, abating nuisances, etc , etc.....	51,808 19
	<hr/>
	\$1,196,369 91

With regard to the amount paid for League Island Park, I desire to state that the jury appointed to view the property awarded less than \$400,000, although the claims of the respective owners amounted to \$1,500,000.

In this connection I beg to call your attention to the fact that in the ordinance creating the loan of \$11,200,000, provision is made to the extent of \$100,000 for the enlargement of Fairmount Park. Inasmuch as this sum was manifestly set aside to meet the expenditure for the property now anticipated by Mandamus Execution, I would respectfully advise that this item of the loan bill be stricken out or the amount transferred to the credit of the current fund by the passage of an ordinance similar to that approved on the 24th day of February, 1891.

A summary of the statement for 1899 is herewith submitted:

	<hr/>
	\$19,120,912 98

This is an increase in the amount available for appropriation over 1898 of \$1,326,749.40.

As a matter of information I beg to call your attention to the large increase over former years of the amount

now set aside in the fixed charges to the Sinking Fund. This is principally occasioned by the introduction in the recent loan ordinances of the Sinking Fund clause in addition to that of the Serial feature, which necessitates an appropriation to the Sinking Fund during the ten years intervening between the creation of the loan and the maturity of the first series.

By the change noted sums are annually retired at once, to meet maturing series which, in the exclusively serial loans were not required until the date of the first maturing series and annually thereafter as they matured until all were paid.

INTEREST TO PHILADELPHIA & READING R. R. Co.

In accordance with the terms of the ordinance, approved February 14, 1898, giving to the Philadelphia & Reading Railroad Co. one-half of the interest collected by the City from the banks on the unexpended balances of Subway Loan, this Department has made an analysis of the interest account by deducting the daily expenditures since the first negotiation of said loan in 1894, and have fixed the amount due the said company at \$48,951.58.

I would respectfully recommend to your Honorable Bodies the appropriation of this amount to the Law Department as the requisite authority to draw a warrant in favor of said company.

TAX RATE FOR 1899.

It affords me great pleasure to observe, as per ordinance of July 6, 1898, the continuance of the tax rate for 1899 at \$1.85. This rate has now been continued uninterruptedly for seventeen years, and with the increasing amounts reported of the assessed valuation of Real Estate should yield sufficient to obviate the resort to temporary loans in the future, as evidenced already by the reduction of said loan from \$1,075,000 in 1897 to \$655,250 in 1898.

COMPARISON OF THE YEARS 1897, 1898, AND 1899.

I am also gratified to report that in the compilation of the estimated Receipts and Expenditures for the current year a surplus is shown of \$227,248.35.

Very respectfully,

Your obedient servant,

JOHN M. WALTON,

City Controller.

The jury was attended by L. H. R. Nyce, Esq., for the petitioner, John M. Hudson and by Charles E. Perkins, Esq., Assistant City Solicitor for the City of Philadelphia.

The jury adjourned until June 13th, when they met on the ground and viewed the property. All of the jurors were present at said view. The jury afterward met on June 17, 20, 27, 28; July 5, 8, which, with one for the signing of this report, makes in all eleven (11) meetings. The jury held one meeting for consultation.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street between the points named, by the opening thereof, and acting on their best judgment, the jury do find that the following named property owner is damaged to the amount set opposite his name:

John M. Hudson..... \$1,500 00

The jury are further of the opinion that no property

in the vicinity is especially benefited by the opening of said street, and that the whole of the amount awarded should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed September 12, 1898.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court, on the petition of Mary L. Tryon and William S.

Tryon, surviving executors and trustees under the will of George K. Tryon, deceased, owner of premises on the north side of Oxford street, west of Thirtieth street, to assess the damages, if any, for the opening of the said Thirtieth street, from Oxford street to Columbia avenue, in the Twenty-ninth Ward of the City of Philadelphia, respectfully report:

That after due notice, proof whereof appears of record, the jurors met on April 19, 1898, at 3.30 P. M., in Room 581, City Hall, Philadelphia. The following jurors were present: David S. B. Chew, Emil L. Perdriau, W. W. Oliver, George Richards, James F. Hefron, William A. Stewart. At this meeting the jurors were severally sworn or affirmed by one of their number, and on their *voir dire*, examined touching their capacity to serve as road jurors in the proceeding. Each juror was found to be disinterested, competent, and in all respects competent to serve. The jurors were then severally sworn or affirmed to perform their duties as road jurors in the matter of the opening of the said Thirtieth street, from Oxford street to Columbia avenue, in the Twenty-ninth Ward of the City of Philadelphia.

The jury then organized by electing James F. Hefron, foreman, and William A. Stewart, secretary, after which the petition was read to the jury and the affidavit of service of notice on the registered property owners along the line of the said Thirtieth street, between Oxford street and Columbia avenue, were produced and are hereto attached. The official plan was also produced for the use of the jury, and is also attached to this report.

At the first and subsequent meetings held in Room 581, City Hall, Philadelphia, the jury were attended by the following counsel representing property owners along the line of said Thirtieth street: D. Wallerstein, for the petitioners, Mary L. Tryon and William S. Tryon, surviving executors and trustees under the will of George K. Tryon, deceased; William Y. C. Anderson and Eli K. Price, for the estate of Eli K. Price; and Hazard Dickson, for the estate of Luther Martin. The City of Philadelphia was represented by J. W. Catharine, Esq., Assistant City So-

licitor. The meetings of the jury were also attended by Wm. K. Carlisle, Surveyor and Regulator of the Seventh District, and by expert real estate witnesses for and in behalf of the property owners and the City of Philadelphia respectively.

The ordinance for the opening of the said Thirtieth street to Columbia avenue, was passed by Councils on December 24, 1891 (Ord. Coun., 1891, page 429).

On April 21 and June 11, 1893, the jury made a view, as well before as after the time of taking testimony, as to the several premises affected by the opening, at which meetings to view and review the requisite number of jurors were present.

The jury held meetings upon the following dates for the purpose of organizing, viewing, to hear testimony, and the arguments of counsel, and for consultation: April 19, 21, 27, 28; May 4, 11, 18, 25, 31; June 3, 6, 8, 11, 15, 20, 22, 27, 28 and 29, 1898.

Deeds to the properties involved in this proceeding were also offered in evidence, and, as it has been argued that some of them are material to a proper adjudication of the several claims by this Honorable Court, in case the jury is in error in its conclusions, they are referred to and recited therein to an extent thought necessary to a proper understanding of the legal rights of the respective parties.

In 1851, William Chamberlin, *et ux*, by deed dated 24th June, 1851, and recorded in Deed Book G. W. C., No. 95, p. 506, etc., granted and conveyed to Eli K. Price, forty-three acres and one hundred and thirty-three perches of land of irregular shape bounded southward by Pennsylvania avenue, southeastward by land of Matthew Newkirk, et al., northeastward by land of George W. Tryon, and northwestward by lands of George W. Tryon, Charles J. Wolbert, et al.; and said tract included that part of the Tryon lot described as follows: All that certain triangular lot or piece of ground beginning at the point of intersection in the middle of Oxford street and the middle of Thirtieth street, thence extending northward along the middle of said Thirtieth street, 158 feet $5\frac{1}{8}$ inches to a point in the ground of the said

George K. Tryon, thence southwestward by said ground of the said George K. Tryon 203 feet $9\frac{1}{2}$ inches to a point in the middle of said Oxford street 128 feet $1\frac{3}{8}$ inches to a place of beginning; said triangular lot by deed dated October 1, 1856, and recorded in Deed Book R. S. W., No. 94, p. 548, etc., described as above was granted and conveyed to said George K. Tryon by said Eli K. Price. Said tract also included the so-called Price lot within the lines and comprising the easterly half of said Thirtieth street, having a frontage of 25 feet on Oxford street, and a depth of 164 feet 5 inches on the east line and 123 feet $5\frac{7}{8}$ inches on the west line. And said tract also included the ground in the bed of Oxford street, from a point east of the said Twenty-ninth street to a point 128 feet west of the said Thirtieth street. And in 1853, the said Eli K. Price, by deed dated 1st October, 1853, and recorded in Deed Book T. H., No. 101, p. 247, etc., granted and conveyed to David B. Moses and William Moses of the City of New York, Luther Martin and Charles Adams, of the City of Philadelphia, and described according to a survey made thereof as follows, to wit: All those two several tracts or pieces of land, situate in Penn Township, in the County of Philadelphia and State of Pennsylvania, in fee as tenants in common in the shares and proportions following, that is to say—one undivided third part unto the said David B. Moses and William Moses, their heirs and assigns, one other undivided third part unto the said Luther Martin, his heirs and assigns, and the other undivided third part unto the said Charles L. Adams, his heirs and assigns, reserving thereout unto the said Eli K. Price, his heirs and assigns, a yearly ground rent or sum of ten hundred and ninety (1,090) dollars and sixty-five (65) cents. One of them beginning at the northeasterly corner of Thirtieth street and Oxford street, as laid down in the plan of Penn Township, thence northerly along the easterly side of said Thirtieth street one hundred and sixty-four feet five inches, thence along a course north fifty degrees eighteen minutes east three hundred and eighty-five feet two and five-eighths inches to the southerly side of Columbia avenue, now reduced to the width of sixty feet,

thence easterly along the southerly side of said Columbia avenue eighty-one feet and five and one-eighth inches, thence along a course south forty-one degrees twenty-eight minutes east ninety-six feet three and one-quarter inches to the westerly side of Twenty-ninth street as laid down in said plan, thence southerly along the westerly side of said Twenty-ninth street four hundred and five feet ten inches to the northerly side of the said Oxford street, thence westerly along the northerly side of said Oxford street four hundred feet to the place of beginning." * * * "Together with all and singular the improvements, ways, streets, alleys, passages, waters, water-courses, rights, liberties, privileges, hereditaments and appurtenances whatsoever, unto the said hereby granted premises belonging or in anywise appertaining and the reversion and remainders thereof." The said Charles L. Adams, by deed dated August 4, 1859, granted and conveyed all his right, title and interest in said premises, *inter alia* to Thomas F. Adams.

In 1860, the said David B. Moses and William Moses, by deed dated March 24, 1860, and recorded in Deed Book A. D. B., No. 119, p. 439, etc., granted and conveyed unto the said Luther Martin, and the said Thomas F. Adams the full equal undivided one-third part in said premises. And in 1874, the said Thomas F. Adams, by deed dated January 1, 1874, and recorded in Deed Book F. T. W., No. 86, p. 360, etc., granted and conveyed to the said Luther Martin all his right, title and interest in and to said premises, being the one full equal undivided moiety or half part thereof.

Reference to the plan of the second section of the survey of Penn Township authorized by Act of Assembly 3d May, 1832, and surveyed and returned January 2, 1838, confirmed by Court of Quarter Sessions of Philadelphia County, Nov. 16, 1839, shows among others the following streets:

Oxford street, 50 feet in width.

Columbia avenue, 120 feet in width.

Twenty-ninth street, 70 feet in width.

Thirtieth street, 50 feet in width.

The plan of the Sixth Section Survey and Regulation of the District of Penn, authorized by Act of Assembly, February 27, 1847, surveyed and returned December, 1848, by which Columbia avenue was reduced to a width of 60 feet, does not appear to have been confirmed, although it was recognized as the official plan in the conveyance from Price to Martin. The revised plan of the 4th Section, Seventh Survey District, authorized by ordinance of December 31, 1875, and confirmed by Board of Surveys, December 4, 1876, retained the lines of said streets as established by the plan of 1847. By the plan of the revision of the lines and grades of Oxford street, from Twenty-eighth street to Fairmount Park, Ord. Councils, March 18, 1891, confirmed July 6, 1891, the width of Oxford street was increased to seventy feet.

Oxford street, from Twenty-eighth street to Mifflin lane (west of Thirty-third street), was dedicated of a width of 50 feet to the public by George W. Tryon, Eli K. Price, Rebecca C. Pemberton, The Mifflin Land Association, and S. Fisher Corliss, September 9, 1857.

Columbia avenue, from Twenty-eighth street to the Connecting Railroad (east of Thirty-first street), was dedicated of a width of 60 feet to the public by said George W. Tryon, February 25, 1871. And a small triangular piece of ground on south side of Columbia avenue, between Twenty-ninth and Thirtieth streets, was dedicated by Luther Martin, April 6, 1871.

Twenty-ninth street, from Oxford street to Columbia avenue, was opened under the authority of ordinance of Councils, June 22, 1893.

Thirtieth street, from Oxford street to Columbia avenue, was opened under the authority of ordinance of Councils, December 24, 1891.

While the proceeding in the main was to our minds plain and the merits of the respective claims free from doubt, a point was raised by the counsel for the Martin Estate and the City of Philadelphia, as to the right of the Price Estate to recover any damages for the reason that the conveyances by the latter contained in effect an implied covenant binding the grantor to afford Martin and

his successors in title forever a right of way over the ground within the line of the said Thirtieth street. And it was also further contended by the counsel for the Martin Estate, that as the deed from Price Estate to his clients gave the latter by construction of law right of ingress and egress over and upon the so-called Price tract, it could not be built upon or used for commercial purposes, and therefore had no marketable value. Believing itself incompetent to pass upon the legal question thus raised and possibly involved in this proceeding, the jury has resolved to exclude it from its consideration, being advised that if error has been made, it can be corrected by this Honorable Court on exceptions filed to the report or appeals taken from the awards herein made.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said Thirtieth street, between Oxford street and Columbia avenue, has been opened, and the same being duly considered, and considering the advantages as the disadvantages to each and every property on and within the lines of said Thirtieth street by the opening thereof, and acting on our best judgment, we award damages as follows:

Henry C. Townsend, Eli K. Price, Jr., and J. Willis Martin, surviving and substituted executors and trustees of the Estate of Eli K. Price, deceased, \$2,250. If, however, the Court be of the opinion that the conveyance from Price to Martin contain in effect an implied covenant binding the said grantor to afford the said grantee and his successors in title forever a right of way over the said ground within the lines of the said street, and that the measure of said claimants damages in the value of the said tract subject to the said right of way over it by said claimants grantees, then the jury are of the opinion that said tract had no marketable value and that the said claimants have sustained no damage by the opening of said Thirtieth street.

In considering the benefits, the jury came to the conclusion and they are of the opinion, that the Luther Martin property, situate between Twenty-ninth and Thirtieth

streets, and Oxford street and Columbia avenue, having a frontage 454 feet on Twenty-ninth street, 454 feet on Thirtieth street, 400 feet on Oxford street, and 400 feet on Columbia avenue, in the name of Emma R. Martin, Luther Martin, Jr., Robert W. Martin and The Fidelity Insurance, Trust and Safe Deposit Company, executors and trustees under the will of Luther Martin, deceased, has been benefited in the sum of \$2,250.

We further find that the property belonging to the Estate of George K. Tryon, deceased, on the west side of the said Thirtieth street has not been injured by the opening of the said street, and therefore are entitled to no damages in this proceeding.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 16, 1898.)

To the Honorable the Judges of the said Court:

The undersigned jurors, appointed by your Honorable Court, to asses damages for the widening of Letitia street, southward from Market street, respectfully submit the following report:

They met for the purposes of their appointment in Room No. 387, of the City Hall, on the first day of July, 1898. At that meeting each of them was sworn by another of their number upon *voir dire*, and found competent to serve as a jury. Each was thereafter severally sworn likewise by another of their number to do his duty as juror in the matter of the widening of Letitia street, southward from Market street, impartially and to the best of his judgment. They organized by electing William S. Blight to be their foreman, and W. W. Frazier to be their secretary.

Afterward, on the said first day of July, 1898, the jury proceeded to view and did view the locality of Letitia street, between Market and Chestnut streets. At their view as aforesaid, they were supplied with a plan prepared by the Surveyor of the District, which plan is attached hereto.

The jury held meetings thereafter, for the performance of their duty, as follows: On the 2d and 9th days of July, 1898.

The jury were informed of the following appearances by counsel for property owners claiming damages, and for the City of Philadelphia: Thomas E. White, Esq., and

Richard P. White, Esq., attorneys for George W. Hansell and Augustus Thomas; Samuel P. Clevenger, Esq., for Charles H. Cassell; Edwin S. Dixon, Esq., for G. W. Coles Candy Manufacturing Co. and Maria Coles; Thomas D. Finletter, Esq., for Conrad Schwoerer, and by E. Spencer Miller, Esq., Assistant City Solicitor, for the City of Philadelphia.

Notice of a meeting held by the jury on Friday, July 1st, was duly served upon all property owners from whom property was taken by the widening of Letitia street. The proper service of notice appears by proof filed.

After careful consideration the jury reached the conclusion that the amount of damages suffered by the respective property owners, owing to the widening of Letitia street, southward from Market street, as shown by the plan hereto attached, are as follows, and they recommend and award payment to the respective property owners in the said amounts:

George W. Hansell and Augustus Thomas.....	\$20,000
Charles H. Cassell.....	9,000
G. W. Coles Candy Manufacturing Co.....	900
Maria Coles	300
Conrad Schwoerer	10,630

After reaching the conclusion that damages should be awarded to the said property owners as above set forth, the jury considered the question of benefits, and reached the conclusion that the owners of the following properties are specially benefited, to wit, benefited in a manner wholly different from and additional to that benefit which the public in general derive from the opening of Letitia street, in the amounts hereinafter respectively stated, which are assessed in respect of the several properties marked on the benefit plan, also attached hereto, with the names of the respective individuals below stated as owners. The jury recommend that the said property owners pay in respect of their said properties to the City of Philadelphia, or to the owners of property in whose favor damages are awarded in this case, as follows:

West side of Letitia street.

Spencer M. Janney, et al.....	\$2,500
Henry C. Lea	2,500

Lyle, Esq., for Henry R. Shock, and Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at the meetings held on the days mentioned, the jury heard the testimony of expert witnesses called by the property owners, and by the City as to the value of the property on Roberts avenue, from Wissahickon avenue to Thirty-third street, and as to the effect upon such property by the opening of Roberts avenue to the full width laid down upon the City plan.

And now, therefore, after a full and impartial consideration of the testimony submitted to them, and a careful view and review of the lines and grades at which the said street is to be opened, and taking into consideration not only the damages and benefits by reason of the opening of said street, but also the grade at which it is opened, and considering all the advantages and disadvantages to each property by reason of the opening of Roberts avenue, and acting in the premises impartially and according to their best judgment, the undersigned have agreed upon the following as an assessment of damages to the properties affected by the opening of Roberts avenue, from Wissahickon avenue to Thirty-third street, viz:

John and James Dobson.....	\$2,971 00
James Dobson	7,787 00
Horace E. Richards	4,527 00
Margaret Hubbard	2,796 00
Henry R. Shock.....	13,825 00
William H. Jenks.....	4,460 00
Phila., Germantown & Chestnut Hill R. R. Co	3,000 00
George Blight	3,924 00

Total\$43,290 00

The jury considered fully the question of benefits to adjacent properties on the line of the opening, and finding no benefits, other than a general benefit to the entire community, they are therefore of the opinion that the total damages should be paid by the City of Philadelphia.

The jurors hereby certify that they attended meetings as follows:

Watson P. Magill, deceased.....	2 meetings.
John Galloway	49 meetings.
James M. Stewart.....	51 meetings.
Cyrus Cadwallader	49 meetings.
John P. Watson.....	51 meetings.
A. G. Rapp.....	51 meetings.
Wm. R. Allison.....	51 meetings.

All of which is respectfully submitted.

John Galloway,	James M. Stewart,
C. Cadwallader,	John P. Watson.
A. G. Rapp,	Wm. R. Allison,

APPENDIX No. 182.

OFFICE OF THE CITY TREASURER.

Philadelphia, August 31, 1898.

WENCEL HARTMAN, Esq.,
President of Common Council.

DEAR SIR:—The provisions of the ordinance, approved ninth day of April, 1892, entitled “An Ordinance to regulate the deposits of City moneys by the City Treasurer, etc.,” direct the City Treasurer to deposit in certain banks daily, all City funds that may come into his possession, except such as he may require in the transaction of the daily business of his office; and further prescribe that the deposit in no one bank shall at any time exceed an amount equal to 25 per cent. of the sum of the capital and surplus of said institution.

Through the withdrawal from business of certain banks designated by City Councils as public depositories, viz:

The Chestnut Street National Bank, The Peoples' Bank, The Commercial and the Seventh National, the aggregate of deposits to the full 25 per cent. would be indicated at this time by the sum of \$7,325,829, a shrinkage of \$564,500 from the deposits possible under the ordinance when the banks now closed were available.

The balance of City Funds in the hands of the City Treasurer being at this date in excess of 25 per cent. of the capital and surplus of the Banks designated by Councils as depositories it has been necessary for me for the safety and security of the public moneys to deposit sums in certain banks in excess of the largest percentage authorized by Councils.

In reporting this state of facts to your Honorable Bodies I have the honor to ask that you will approve and condone this necessary violation of your instructions, and that you will adopt such legislation as may in your judgment seem proper to meet similar emergencies certain to occur in the future

Very respectfully,
CLAYTON McMICHAEL,
City Treasurer.
